Best Sellers Rank: #841,448 in Books (See Top 100 in Books) #102 in Books > Arts & Photography > Drawing > Pastel #203422 in Books > Reference

Customer Reviews

I would like to give 5 stars, this book has a lot of content for a smallish volume. Especially when about 20% of it is actually another book! That is right, on page 73 (of 95 total), the publisher/printer has put in the pages from the oil painting book from the same series. I know as I have both works and the oil painting book has THIS book's ending and not its own - the reverse! In my travels have seen the same thing in 4 other of these books in Borders, etc. They just messed up at the printers.So for me, it's just a little odd but I have both in their entirety, just not in the right books. Another thing is the English translation is stilted at times.Still, I think this is a great book, excellent photos, logical approach and the artist is very skilled. Its just that to get the whole book you may need to buy the oil painting book too.
