Photographer Christine Kessler should need no introduction to Fetishistas fans -- though if she does, our recent Darenzia portfolio is not a bad place to start. Steen (as she's known) is one of the fetish genre's most admired 'togs, a woman whose websites (My Fetish Diary etc) and other books provide constant evidence of her reliable instincts when it comes to making fetish pin-up images both cute and raunchy. The rapport she establishes with her models means that she often gets pictures that would be more difficult for male photographers to tease out of the same girls -- pictures that often look more like intimate collaborations than mere voyeuristic opportunism. Nylon Girls focuses, as the title suggests, on legwear (with some lingerie thrown in for good measure), and anyone familiar with Kessler's Toe And Arch website will realise that she's eminently qualified to cover this subject. The book itself is one of Goliath's pocket-size, A5-format Portfolio offerings. With around 100 pages of colour pictures sandwiched between padded hard covers, this series offers a touch of inexpensive luxury (typically around $\pounds 10$ from) that makes for perfect gifts. Pretty much all types of women's hosiery are represented in Nylon Girls, which more or less ensures that for every viewer, some pictures are going to be right on the money -- even if, given the often rather specific nature of fetishes, not all may be. Just in the first few pages there are popsocks, thigh-length socks, faux-vintage nylons, black fishnet stockings, kneesocks with sock-suspenders, fancy fishnet tights, white lace-topped fishnets, green fishnets, white cherry-patterned stockings, nude vintage seamed nylons... you get the picture.
