## **Customer Reviews**

This book is so much fun to color and reminisce about 80s fads and fashions. I can remember wearing a lot of these clothes! The coloringpages are extremely detailed and I will get many hours of coloringenjoyment. I recommend this book to anyone who grew up or remembers the styles of the

80's or even for fashion and design people. Youdefinitely won't be disappointed as the pages are great. Also, totallylove the 80s playlist at the beginning.

Do you have enough 80's in your life? Of course you don't! You NEED this coloring book. There is a ton of great 80's fashion here but it's the little details that really make me love it... the trapper keepers, the fanny packs, the VHS tapes, the keytars!! Oh wow. I didn't think anything could top Lighburst's 70's fashion coloring book but they did! There's even an 80's playlist to get you in an 80's mood while coloring!

I received a copy of \* Back To The 80's coloring book by Bonnie Bright\* for my honest review.I absolutely love this coloring book it brought back memories of my life back in the 80's. The detail in the book is perfect and so much fun. It's a must have book. I used Prismacolor premier pencils and a blender with the pages I have colors. Really makes me miss the 80's it was my favorite decade. Thank you Bonnie for reminding me of all the good times i had growing up.I love the paper quality of the paper so smooth to color on.Pick up your copy today you won't regret it.

The Back to the 80s: 1980s Fads and Fashion Coloring Book For Adults is a fun blast from the past. I was "like totally" taken back to a kinder and gentler time. For those of us who wore popped our collars, crimped our hair, wore our sweaters tied over our shoulders or our sweatshirts hanging off one shoulder, this is the coloring book for you. The attention to detail is truly amazing - glam rockers, break dancers, roller skates, troll dolls, care bears, unicorns, boom boxes, VHS tapes, Rubik's Cube, Atari, floppy discs, Aqua Net......the list goes on and on. Drink a TAB, listen to the 80s mix they so kindly created on Spotify, grab your neon colors and get busy. I received a complimentary copy via LibraryThings Early Reviewer program in exchange for my honest review.

There are lots of reviews saying what I'm going to say but this coloring book is fun and beautiful. This is a must, for anyone that loves the 80's and coloring... The happy images took me back to my childhood, I feel happy every time I open the book. Many pages to color, with lots of details. Let's keep coloring Yay:)

Another fun Book from Lightburst Media! Not to mention Nostalgic! Having fun coloring "The 80'S"! See photo! You can really use your imagination with the Neon gel and glitter pens with this one! So wether you remember the 80's or not, have fun with this one! Even Google images for inspiration!

do for some of mine all the time! Though not needed for this one! LOL, I remember the 80'S quite well!" Hammer Pants, Big Hair, Unicorns and Rainbows etc.....And if you enjoy this one, Pick up Color Me Wed from the same publisher! A beautiful Wedding themed coloring book!Was given an ARC for and honest review!

I am absolutely in love with this coloring book. It captures the essence of the 80s hair, fashion and fads. The pictures are busy, completely in step with the way things were back then. My favorites are the hair band and the arcade scenes. If you need me, I'll be coloring and reliving my teenage memories... I received this book as part of a Library Thing member giveaway in exchanged for an honest review.

I received this coloring book in exchange for an honest review. I love the book! I am not usually big on coloring pages with people because they are quite often too detailed. The people on these pages are amazing. I can create a wide variety of outfits in an unlimited amount of ways; it is all up to my imagination. Thank you so much!!!! I will highly recommend this book to other adult colorers!!!!
