## Customer Reviews

My daughter is a first year band student and she loves this book. I love that she is able to play most of the songs and that I get to hear something other than the songs in her school band book. It is loaded with popular Disney songs.

I am new to the Trumpet, so I can't play this yet, but my husband is a brass player and says it looks great for beginner trumpet. The front is exactly as pictured and the selection of songs is wonderful! I was expecting the book to be really thick but it is not very thick at all. Instead of having only one song per page or couple of pages, it will put two songs on a page if they are short, which keeps the book from being thick. It is a great quality, definitely recommended!

My daughter loves this book and she has been playing for three years. The one thing she was worried about was some of the songs go really high but other than that she loves it.

I really love this it is a fun book for trumpet players there is a whole lot of songs.I hope you guys enjoy it to.It came on time too.

Great book but really wish a CD of the songs came with it.

Tons of Disney songs that you and your kids will know and enjoy. My wife likes playing them. My kids don't like it when my wife practices, but when she throws in some Disney they are ok with it.

I ordered this for a birthday gift for a friend, and it came a day and a few hours earlier!! Upon receiving it, everything looked great!!
