## Customer Reviews

This is a beautiful compilation of wonderful drawings. When I received it, it was in great condition and you could tell that the paper quality of the book was high. The illustrations are only printed on one side of the page, so there is not bleed-through, which is very nice. I've had so much fun coloring in it.

This is an amazing book! The sketches are so beautiful that almost make you feel like a little girl again playing dress up! Highly recommend this coloring book! The designs and paper are really great quality!

I am so happy that I ordered this! It's EXACTLY what I have been looking for. This is a great book if you want to color/design clothes, especially dresses! I was shocked at how high quality the book is, and how thick it is! There are literally 100 outfits to design. Very high quality. This is by far the best adult coloring book I have found! I am hoping that she continues to draw and makes more adult fashion design coloring books. I am so thankful for this book, as it has helped me get my mind off of the stress going on in my life and helps take my mind off of the pain and depression I have been struggling with. I can't say enough about this book! I'm actually going to order a couple more. A

couple for gifts and another for myself!

15yr old daughter loves this book, harder to find coloring books like this that are just fashions to color, so she was very happy to receive this book. it is one of more expensive books, but is a pretty big/thick book so price is somewhat understandable. overall very happy with purchase
