Not happy with the women designs here that I have in other coloring books...these are repeats (repeat designs/patterns #187).When we buy coloring books in stores we can look thru them to see

if we like the designs and to check if we already have any. WHY Not Here On ??

While I have not noticed these images in previous books, they are all from Shutterstock. The Kindle preview has double talk "Copyright 2016 Roberta King" & "All images & content in this document are copyrighted by their respective copyright owners". BUT: if you look at the Print version preview you will see "Image source - [...]" No other mention of the actual artists names is given anywhere. The PDF download doesn't say ANYTHING about the images used. I just find it all very deceptive & misleading. You may think Ms King is an actual artist!! However, ALL 8 books I have are all STOCK IMAGES!!!!!! As for the images - they are mostly teen agers just standing around - no background, just girls standing there. If this is "Stylish" clothing count me out!!! [...]

If you are a fashionista, this book is definitely for you. The cover says it all. It is all about fashion and style. This is not just for the advance colorist, but for any young lady interested in fashion. I recommend this book for all ages.

I am huge fan of coloring books. It is one of my favorite hobbies because I find it relaxing. I found these stylish designs very interesting and unique. I felt like a child who dresses her favorite barbie. I had a lot of fun in making them look colorful and bright. I really appreciate the collection, it covered woman from different cultures. Woman in a saree was elegant while the one in gown was gorgeous! I loved the pictures instantly and got them all printed....
