Customer Reviews

Whoohoo!

This is one of two books like this with photographs of bluegrass performers, though the other one also has country singers. The pictures here are quite good and Ms. Johnson is excited and gleeful in her captions, which is fun. (She is cute when she gushes about how some of the picture subjects are also her friends.) It was obviously a labor of love for her. I got a kick out of some of the pictures being taken at a bluegrass festival in my home state of Maine. And I also loved that there was a picture of one of my favorites, Joe Val, who I never got to see play. Of course the pictures are all black and white, no doubt dictated by the prohibitive price it would have cost for color shots. But that is just fine - these performers do or did play old time music, after all. So with great pictures of performers across the spectrum of the bluegrass world, and endearing, sincere captions, this could be a coffee table book slice of history for a true bluegrass fan, or perhaps the perfect gift for an older fan in your life who will smile to see these faces again.
