Learn To Play The Saxophone (Baby Jane) (Volume 5)

Synopsis

Learn to play the saxophone the easy way is a book designed for new saxophone players to find their way around the instrument with ease. Reading music can become very daunting but this enables the student to have a little relaxation and fun between lessons. Simply follow the coloured key/s and where a key is coloured press it and when a key is blacked out, release it. Within minutes the newcomer will be able to turn out a tune as has many others who have tried this method. If you can't play the saxophone at this stage, you definately will be able to after reading this book.
