Customer Reviews

I bought this because I thought it was full of vintage Marvel Comics covers - it was not. Instead it was full of marvel characters by various artists (not mainstream ones by the way) and most if them were extremely pixilated. Also, some of them were in there twice. The book didn't cost that much or I would have given it one star.

The quality of this coloring book is varied. Some images are clear, crisp and perfect for coloring in. Others look like they've been blown up from a smaller size, are pixelated, and I could have printed better at home. I'm not thrilled with this product at all.

I was hoping for more like an adult coloring book idea, or even a regular coloring book. The images in this book are badly pixelated and of very poor quality. I could have done better with a scanner and my home computer and printer!

Do not buy, I bought this as a gift along with the DC comics coloring book and when i opened it, I was very displeased. The pictures are stolen off the internet and stretched out to fit the book, some

where even pixelated. Don't waste your money on this crap, it may look like a good deal but you will be very disappointed once you see it.

This coloring book was a little disappointing for us, it wasn't the quality that we are used to buying for coloring in. The pictures are really true to Marvel, the paper is thin and the prints are on both sides of the paper-which means depending on which type of pens, crayons you use it would show through. Not an adult coloring book but really good for kids-especially if they love the Marvel superhero's! It was bought as a gift and the recipient really loved it so I gave it 3 stars

I got this from my wishlist in my Easter basket. The quality is such that I could have made this myself with an inkjet printer for half the price. Whoever makes this book is clearly looking to capitalize on the new coloring book craze and is not at all concerned with creating a quality product. I will enjoy coloring the pictures, but I will also be spending time with Le Pen modifying some of the pages so that the end product will look much better.
