Customer Reviews

I own 30+ adult coloring books, and this is by far my favorite that I own. The faeries are beautiful, the "weirdlings" are creative and varied. I love faeries and unusual things and this book delivers on both accounts. This is probably going to be the first book that I color every single design in. I love them all. As for book specifications, it has what I look for in adult coloring books... one sided designs.

The backs of the pages are blank, which I like because I use markers to color with for the most part and there is generally some bleed through with most coloring books. The paper is a good quality and takes the markers well, not tearing or anything like that, which I have had issues with some books that the paper is too thin in. Overall, I recommend this book to anyone who enjoys faeries, oddball creatures and whimsy. You will not be disappointed.

I absolutely LOVE this book. It's a quirky, gothic coloring book. And just the style of the illustrations are different from anything I've seen. Shelah Dow has quickly moved into my top 5 of my favorite artists. I cannot wait to see other books she provides us in the future. :) I have 2 coloring pages I have done so far in the book, but will post more as I finish them.

Thos os a grea coloring book, the paper is good quality and the whole book will spark your imagination. The subject matter is just plain fun and coloring them is very relaxing OR stimulating which ever strikes you . I find myself gettomg engrossd in what I want to do with the picture. I would recommend this book and I am so looking forward to more from this artist. 5 stars all the way

To be 100% honest, the cover didn't draw me in. Luckily, I saw colored pictures from this book posted on Facebook and knew immediately that I had to have it. These faeries are one of a kind and in a good way. They're so unique. The artist has a very interesting style and I just love it. There isn't a page in the book that I don't really like. So it is definitely worth the buy! Especially if you're looking for something other than the 'typical' faeries you normally see in fantasy books.

Don't know what a weird lung or willing are, well let me tell you, they are. No I'm not telling, you are going to have to buy the book to find out, but by their names you can just about figure it out.

If you are looking for something a little different then this book of Shelah Dow's could be perfect for you. *Weirdlings and Wildlings* is a perfect name for it with quite weird and wild drawings with gorgeous fairies and other fantasy beings filling the book. It is one of my favourite books offering the ability to step out of your comfort zone and let loose with your imagination. I highly recommend it.

The pictures in this adult coloring book all have a weird and wild way about them, definitely unique. I purchased this book for a friend and she loves it. I would say it is more for a teen to adult coloring enthusiast. Only one picture per page, perfect!

I've never been much of a "fantasy being" fan. But, I saw a page colored and decided I had to take a closer look. If you're as bored with the normal beautiful Fae and Faeries books as I am, this is definitely a 'go to' book! Shelah Dow is a very creative person. I adore her swan-necked beings. They are so delightfully different. With just enough weirdness to intrigue me, I bought this book. I really like this coloring book. Eventually, when I color it all in, I'll buy it again.
