Customer Reviews

Kind of misleading with the book title, not very time consuming, lots of Zombies for sure, but the artwork is similar to what you would find in the kids section at the dollar store. Attaching a few

examples of what you will find in the book.

Got this as a gift for a friend who loves zombies and all things horror movies, and he loved it! The images to color in are detailed, so this book is definitely meant for an older or adult color-er:)

I like it kinda fun. Best thing no rules on colour. If there was a fault it was the black lines are too thick in most areas.

lots of fun for adults who love the Waling Dead and love to color

I gave this as a gift and the person loved it!
