Best Sellers Rank: #127 in Books > Arts & Photography > Other Media > Video Games #213 in Books > Audible Audiobooks > Business & Investing > Careers #253 in Books > Business & Money > Job Hunting & Careers > Interviewing

## Customer Reviews

Great book! This reminds me of one my all-time fav screenwriting books "The 101 Habits of Highly Successful Screenwriters." Except, this time, the author can cite his own experiences writing in the video game world, getting published, & getting optioned. There is nothing better than reading interviews and hearing advice from successful writers to get one inspired, organized, and on the right track! Especially in this modern environment, "writers" need to know how to cross-publish, create content, get it out there, and write across platforms. Highly recommended.

Clear, concise and incredibly helpful. I heard about this book on the author's podcast.

<https://itunes.apple.com/us/podcast/creative-writing-career/id1053284614> I couldn't recommend these resources more for anyone trying to break out a living as a writer!!

*Creative Writing Career 2* is a tremendous follow-up to the first book, and it does a remarkable job of dispelling the myths surrounding what it means to be a writer. You'll get hard-line, practical advice

from real industry experts, demonstrating exactly how lucrative and financially and spiritually a creative writing career can be. Learn from real pros, who are doing this work daily and succeeding at it. And rather than canned and panned advice from would-bes, you can learn from people who have actually done this work, and who love it and know what it can be. I highly recommend this volume, and its predecessor, to anyone even considering a writing career. It's the advice I wish I'd gotten early on, and it's filled with gems that can help new and seasoned writers alike.

A quality book. Some interviews are better than others but it's got a wide amount of information in it.

Love this. As a screenwriter this was a huge help. Thank you!
