Customer Reviews

I can easily say this is one of the best book I have ever read. It is cheap and makes you feel as if you are there with the characters. I would highly recommended this book to anyone! At the beginning of the book Kovo is sent by his tribe near the beginning of Erdas to the Evertree. This is because a massive speck is heading toward the tree. When he arrives he watches as the speck slams into the Evertree, demolishing everything within four miles. Except for sixteen animals that now have untold powers. Kovo approaches the speck and finds in the middle of it... an egg. Several Centuries later... Rollan continues across the Sulpher Sea along with Abeke and Kirat. They are all struggling with their bonds. Meanwhile Zerif starts to sail after them, gaining Spirit Animals as he goes. While on the ship, they come upon a massive volcano which Shane explains is their home and defense against the Wyrn. When they land they discover they have many kids in white robes doing work around the volcano. Shane tells them that they are victims of the curse and have also lost their Spirit Animals so they came here for refuge. The RedClocks then take off their masks and Rollan and Abeke are shocked to see they are old friends and enemies. They have slitted eyes and Shane informs them that they all drank the Bile and when the Bile's effect started to fade they woke up to discover that they had merged with their Spirit Animals, gaining their abilities and strength. They

then enter a tunne in the saide of the volcano and meet Yymaris, who Shane tells them also merged with her Spirit Animal which was an earthworm and tht she has the power to see visions and recieve and send messages. Shane tells them she is the only thing keeping them from complete desruction. They then learn that the volcano is called the Snare and it is the trap that is supposed to kill the Wyrn when it wakes.Meanwhile on another side of the Sulpher Sea in the city below the Evertree, Conor is much worse the parasite at the top of his neck. Kovo then receives a message from Yumaris and Takoda translates and tells them that the city they are in is part of a trap set to kill the Wyrn. There is a bell in each place that they are in and when both are hit it will activate a trap that will kill the Wyrm. They discover that while they were chatting Conor escapes nd they spot him and see he is controlling the Many toward the tower with the bell that will help stop the Wyrm. They quickly run to the tower and fight begin to fight aganist the Many.However while that is going on, Niri, who is one of the people they met, recieves a vision of Zerif coming to attack them with haf a dozen ships. Slightly later Zerif arrives with a massive cloud of birdas that act as darts and cut into flesh. Abeke joins the archers but one of the cannons on one of Zerif's ships demolish most of the building. Luckily Mullop attacks the ships from thw water. However it does not last long and he is quickly taken by a parasite. As Zerif's ships reach land the archers open fire killing six men. Just as Abeke is bout to head off to find the bell, Uraza appears and leaps for the kill.Meanwhile in the city below the Evertree Xanthe arrives at the fight just as the Wyrm is freed. Kovo desprely knocks out Conor and climbsa ythe tower to ring the bell. But just before he hits it he stops and they realize Takoda has been taken by the Wyrm. Together Melin and Xanthe raise the hammer annd ring the bell.As Uraza leaps for the kill Shane leaps in front of Abeke and takes one for the team. Zerif then appears and rounds up Abeke, Rollan, and the RedClocks. Abeke spots the bell and quickly shoots it with an arrow. Everyone stops to watch as the volcano disappears and the tower reappears with the bell on top of it surronded by a moat of lava. Everyone is then freed from the curse. But when Abeke spots Zerif and begs him to fight the Wyrm. Zerif screams and jumps into lava never to be seen again.Over all this is one of the best books I have ever read and I can't wait for book 5!

The entire series gets you attached to the character without you realizing it until it is too late. You go through the book with the character. You feel what they feel. Spirit animals is one of the best book series I've ever read.
