### Customer Reviews

Super fast delivery, but aside from that, this poster book is gorgeous! Nostalgia rises out of me as I flip through picking which game, movie and level these are from. A must for have for any collector or halo fan.

Excellent quality prints. Seriously. They all look so nice and if you're looking for a nice set of Halo posters then go no further. They are also printed on a nice, thick stock paper which makes them feel high quality. I absolutely recommend that you go and buy this right now if you're a Halo fan. That being said there are only two drawbacks that prevent me from giving this a 5 out of 5. First, the posters are printed back to back which is a problem if you really liked two designs that are printed

on the same page you couldn't put them both up.Second problem, the poster that has the Master Chief Collection cover printed on it has a white bar at the edge where it was bound into the poster book (because it was the first page). Those are my only two gripes with this otherwise top quality collection of Halo poster prints. If you are a Halo fan and are looking for some quality posters, look no further.

I love this poster collection. It has numerous amazing, high quality and attractive artworks inside. For only \$20 this is a must have for ANYBODY who likes Halo. It really makes my room look awesome, especially with my Master Chief statue. I'd give 1,000,000 stars if I could!!! SUPER RECOMMEND.

This has very beautiful, high quality images of a lot of things from the Halo series. I was surprised to see Halo 2 Anniversary imagery in here too! My boyfriend absolutely loved this gift.

Got this as a Reddit Secret Santa gift, and I love it!! great quality art prints and i cannot wait to frame them when i can get enough money to do it:). If you love artwork and the Halo franchise. I highly recommend this gift.
