Customer Reviews

I've bought the Lang songbirds calendar every year for over a decade, and I obviously love it. Aside from the terrific artwork by Susan Bourdet, the numbers are dark enough and large enough to be seen across a room, which is why I originally purchased it. Now that Borders is gone, I can't get it easily on sale locally, so I've ordered from [Borders.com](#) for several years now. It is well-packaged and always arrives intact and on time. I only wish that Lang still included the bookmarks it used to have.

I love these calendars. this is the third year I will be looking at different songbirds each month. I used to just get whatever was left in the store when I remembered to actually get a new calendar, but not since I have found these. The prints are frame worthy, and one day I may actually get

around to doing just that.

Excellent quality, beautiful artwork, every month is different and beautiful. I avoided purchasing in recent years due to the price but I can now see why that is. Will take a look at the 2017 calendars by this author and publisher.

You just can't beat this calendar. Great size, easy to write on squares and beautiful pictures. I've gotten this calendar for the past several years.
