# Stand-Up Reagan

## Synopsis

From his very first day in office, Ronald Reagan endeared himself to millions of Americans with his affable, fun-loving personality. Now, for the first time, his most humorous tales and most amusing anecdotes are combined in one delightfully entertaining audiobook. It's the human side of President Reagan...the Reagan who will always be remembered fondly. The Reagan everybody loved. Whether he was with the press or the public, at conferences or official dinners, his warmth and congeniality shined through. You will even hear him enlist Nancy as his partner in mischief! You'll laugh. You'll be moved. You'll remember. Ronald Reagan is probably the warmest, most down-to-earth president America has ever known...and Stand-Up Reagan is the happiest memento of his career.
