## Customer Reviews

This seems to be a higher quality pocket calendar than what I'm used to. (I typically buy the Dollar Store version for 75% less.) The pages seem sturdy and the page colors are vibrant. However, I am knocking off a star because of the packaging used to send the item. It was an odd paperboard package with a tacky inside that damaged the product while opening.

I swear when I read the description this calendar was suppose to cover Sept 2016-Dec 2018. It doesn't start until January 2017 but I need it for now. Also the orientation is landscaped (can't think of a better way to describe it) so the crease goes sideways after the second week, and the squares are smaller than my last pocket calendar.

This product was exactly what I was looking for. Fits perfectly in any purse and is a 2 year monthly view colorful calendar with equally large squares for all days of the week! (Unlike many pocket calendars that have decreased space for weekend days.) Thank you and please continue this

product bi-yearly!

Just what I needed. Perfect
