Customer Reviews

I LOVE Halloween! So I was excited when I found this book! I also love how some picture are super detailed and some a less, so you can kinds pick and choose what you want to do thy day..... So my biggest thing with buying a coloring book online is at least being able to see some of the pictures inside. So I'm making sure with each book I've bought to review and post a few pictures online for others to be able to see if they want the book or not.

This is a very nice book. Perfect for adults as it has many challenging pictures in it but also has a few easier ones so your kids could color something too.

Don't know how this gets so many good reviews. Most pictures images are to small to color.Only about 20 pictures big enough to color

Needed more pictures to be different.

Not bad but would not buy it again.

Some of the pages were faded out.

Some are super simple (not many) and the rest are really nice and intricate. These will be fun to color. Glad to have found another really nice Halloween-themed coloring book.
