# Chibis, Mascots, And More: Christopher Hart's Draw Manga Now!

## Synopsis

Chibis, Mascots, and More covers the popular genre of Chibis--tiny, highly expressive characters and their faithful but volatile friends. With lessons on the body construction, expressions, and character types that are unique to the chibi genre, as well as demonstrations that teach how to draw their critter friends, this book covers everything readers need to go from chibi fans to chibi artists. After an introduction to these elements, readers will have a chance to follow along Hart's in-depth step-by-steps, and will even be invited to draw on their own, right in the book's pages.

## Book Information

## Customer Reviews

I purchased this for my God Daughter and she just loves it. Does find it hard to learn to draw the characters though. She has another book by this same author and found it easier to learn to draw the characters.

i bought a used version of this book and i thought it gonna be filled with cute expression and body poses ect...but there wasn't much...its a pretty small book and the characters seem pretty old school. but overall its a ok book.

The information is great, but the formatting lacks. The images are so small on my Fire HDX (the big one). They are the size they would be on your phone and will not expand. I have had this problem with all of Christopher Hart's apps the other have been free, but this one cost me 5.99 and I am not

happy at all. I will not be buying any more of his apps unless his formatting changes. I would love an updated version.

Cute! Not bad. Kind of a brief guide but I guess that's the point. It gets the lesson across quickly. If you're looking for something more in depth than I'd suggest Mastering Manga by Mark Crilley. If your looking for a quick fix... than this should be perfect for you.

So yeah trying to draw chibis character because it is kinda cute to draw them plus make it into a comedy book. Me and my little sister are practicing drawing chibi character.

Its a wonderful book, because not only does it give you tips and tutorials, because if you follow the tutorials, soon you will be able to draw your own original creations.
