# Drawing Manga People And Poses

## Synopsis

Take everyday poses and make them extraordinary! Learn to draw people in a variety of different poses with *Drawing Manga People and Poses*. Lessons begin with the basics--drawing from photos, vantage points, people and objects. Once you've got the basics covered, you'll follow along with step by steps and find tips and advice for "everyday," "around the house" and "at work and play" poses. All in all, you'll find more than 800 poses to emulate and make your own! *Drawing Manga People and Poses* also includes helpful Q & A sections, covering subjects like drawing from reference materials, understanding skeletal and muscular anatomy, drawing cartoons and how to know when a project is finished. Learn to draw: Important basic drawing lessons, including scaling, dimension, perspective and more Lessons and samples for drawing poses from everyday life, like texting, opening a wallet and eating Around-the-house poses such as opening doors and windows, getting dressed and cleaning At work and play poses including using a computer, taking photos, stretching and playing video games With more than 800 poses, you're well on your way to creating any character you can imagine!

## Customer Reviews

Great book but not what I was expecting, it shows the poses but in most instances it does not show how to actually create the pose from start to finish. This book is not for a beginner. It is more of a reference book. I bought this book on .com

I love this book. It shows you how to draw your character or person, in every angle and every

position. It helps me a lot to know how a certain angle looks when im drawing one of my characters. I recommend this book to any artist trying to better their work.

This is a very important book. The drawings are breathtakingly beautiful. A problem with manga is that it is often too stylized and derived into methodology. It is important to always draw from observation, the human body contains beautiful nuances that are too often forgotten in manga. This book reminds the student to look for all those beautiful subtleties that are too often lost, the essence of what makes us human. It also reminds the student to use models as often as possible.

Mad helpful. It isn't a "How To" book so much, it comes off for visual artists. I suck at directions, but it does give you a little tutorial in the beginning to grasp the idea after that, it's pretty cool. I like it honestly. Buy it!

It's a good book full of poses, but I bought it as a reference for MANGA. Judging from the cover, I expected a realistic style but I was hoping for some battle or action poses because I'm drawing a Shonen manga. But the book is really well done and there are lots of everyday poses to choose from.

Great reference book!

A great book.
