## Customer Reviews

Able to share with several inmates. Kept our minds busy and off being locked up. The variety had something for everyone.

After enjoying the USA Today puzzles books, I've decided to buy another one. The puzzles are fun and I really like the new cool game that they added that is called Hidato. There is no doubt that Hidato became my new addiction.

I wanted more of a diverse puzzle book. There's way too much Sudoku. I can get a Sudoku book anywhere, and the hardest ones here aren't very challenging. The crosswords have no wit to them. And there's hardly any other kinds of puzzles. Some KenKen would have been nice, plus some different styles of brain puzzles. Would not buy again.

I've really enjoyed working on the puzzles in this book. The variety is fantastic! If I have a lot of time, I work on a crossword puzzle, a logic puzzle, or hidato. If I just have a few minutes, I can do sudoku or a word search. I've found that this book is fun for both me and my friends, since crossword puzzles and word searches can be very social games. It's a great way to pass the time, whether waiting for dinner to cook or sitting in an airplane or airport for a few hours.

I bought a copy of this book for my friend, and accidentally ordered another for myself. Lucky me, I LOVED this. It was so entertaining and I learned a bunch of new puzzles. I'd buy this again (or another just like it) in a heartbeat.

My brother who wont stay out of trouble said it kept him busy in jail :/ Recommend anybody who has a sibling or relative in jail to send them one of these. Also, mails directly to the prison of choice just include prisoners name and id on the address.

This is one of the best puzzle books that I've bought. You are given clear instructions on how to do each puzzle with different levels of difficulty. It is a good stress reliever! Keeps you focused on the solutions which are attainable.

This is a great puzzle book. It contains a variety of different types of puzzles which varies and keeps you interested.
