## Customer Reviews

This is a classic, great selection of solos from easy to intermediate levels of difficulty. Every trombone and euphonium player should own this book, and use it in their studio if they teach (I do). Along with the list of standard repertoire, this is a 'go to' book for my students. I use the Tuba version as well.

Great for student performances in our band. Looking to order same product for more instruments. I love warehouse deals on great products.

I was very disappointed to see that this book was not for solos without piano accompaniment. That is what I'd searched for.

Love the CD accomp. Great for my kids!

The company sent me the wrong item. They sent concerts and contests trombone/piano which is a different book after I complained about them not telling me they were out of stock on the item I purchased and they had accepted payment. I would never do business with this organization again. I will purchase elsewhere.
