# Operative Design: A Catalog Of Spatial Verbs

## Synopsis

The core idea for this project is to use operative verbs as tools for designing space. These operative verbs abstract the idea of spatial formation to its most basic terms, allowing for an objective approach to create the foundation for subjective spatial design.

## Book Information

Paperback: 160 pages

Publisher: BIS Publishers (November 6, 2012)

Language: English

ISBN-10: 9063692897

ISBN-13: 978-9063692896

Product Dimensions: 0.5 x 4.2 x 6 inches

Shipping Weight: 4.8 ounces (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars [See all reviews](#) (22 customer reviews)

Best Sellers Rank: #14,375 in Books (See Top 100 in Books) #2 in [Books > Engineering & Transportation > Engineering > Reference > Architecture > Methods & Materials](#) #2 in [Books > Engineering & Transportation > Engineering > Reference > Architecture > Study & Teaching](#) #41 in [Books > Arts & Photography > Architecture](#)

## Customer Reviews

For design faculty, this is the kind of book that clearly demonstrates to foundation and core studio students the kind of conceptual manipulation they should engage in at the earliest stages of the design process. Students I have introduced the book to have, on the whole, responded well with clearer, more legible, diagrams of their formal site and building intentions. As a consequence, students were more adept at recognizing and illustrating their abstract spatial intentions, demonstrating increased critical thinking skills. Affordable and compact in size, the book should be a required text for foundation and core design studios.

the book is a catalog of forms and operations. many schemes and a few accompanying images of the formal solutions. I must point out another book like this "the fast guides to architectural form."  
[http://www..co.uk/Fast-Guide-Architectural-Form/dp/9063694113/ref=sr\\_1\\_1?s=books&ie=UTF8&qid=1459165556&sr=1-1&keywords=the+fast+guide+to+architectural+form](http://www..co.uk/Fast-Guide-Architectural-Form/dp/9063694113/ref=sr_1_1?s=books&ie=UTF8&qid=1459165556&sr=1-1&keywords=the+fast+guide+to+architectural+form)

A great little manual on basic formal operations in architecture. This book will be sure to expand any

early architecture students, and anyone looking to improve their vocabulary in architectural composition

Perfect for students at the initial massing stage..

it's a bit obvious

Happy with shipping. Brand new. It's what I wanted

great reference book, and it's also small to carry around

Brand new. No issues.
