This book is written in simple, easy to understand language. The scriptural references are relevant to the subject matter. I would recommend highly to all new Christians. Good book for devotionals and Bible study.

In this relatively short book by Smith Wigglesworth I found wonderful stories about the impact of the wisdom and power of God, Christ Jesus, on the lives of persons he encountered. No longer relying on human plans and human devices and human energy, he told how he looked to

God for every thing. For each condition of human helplessness and human insufficiency he saw, this man asked, "Lord, what shall I do here?" and reported magnificent changes in each person "terminal diseases healed, failing businesses excelled beyond their goals and difficult, troubled and mean people became gentle and thoroughly delightful to be around. While familiar to some extent with Wigglesworth, I had not seen any of his books until I purchased this one through a link in the reference section of "The Awakening: 1963 Lectures" (Neville). I wanted to see how the editor had utilized the Neville-Wigglesworth connection.

I love anything penned by Smith Wigglesworth; he was God's man of faith. The truths he shares are so inspiring and uplifting; you will find your spirit soaring with a renewed faith that God will do what He says He will do. Awesome book ~ highly recommend.

WOW! What else is there to say except a boost in faith and love for the mercy and compassion God has for his people. Love the power of God. This is a book for anyone that believes in the TRUE Christ. Not a book for reformers or baptist cessationist. They will only blaspheme the spirit so be careful what pigs you hand this book to. This book is best for those who are leery about the working of the power of God or coming out of a cessationist church like my self. Helped me tremendously.

This book talks about Faith like never before!! When reading the Bible Faith is the substance of that entire book. Faith allows GOD to move in your life whereas this book helps you understand how to use your Faith and gets you to a place where anything is possible!! The real life issues and examples are the key point to reassuring anyone who is down spiritually!! I gave this book 5 stars not because I'm a Christian but because I know that Faith Prevails

I am Reformed so I do not agree with all his theology, but this is guaranteed you will hear from a man who heard from G-d and if you have the ability to hear and believe, expect wonderful things to happen in your relationship with Yahweh.

I'm challenged to dig deeper into the word of God, to seek him more and more to enquirer of him more and more. I'm challenged to seek wisdom and revelation from God daily. Not to ever be complacent with the status quo but to know that everyday, he wants to do something new, he wants

to take me into a new level of Glory. I'm challenged as a Christian never to settle for today's miracle and blessing but to allow God to take charge and his will be done daily.
