# The Billionaire's Obsession: The Complete Collection: Mine For Tonight, Mine For Now, Mine Forever, Mine Completely

## Synopsis

This complete collection of *The Billionaire's Obsession* includes: *Mine For Tonight*, *Mine For Now*, *Mine Forever*, *Mine Completely Down-on-her-luck* nursing student and full-time waitress Kara Foster gets a massive blow to her already desperate financial situation that will surely find her living on the streets. Needing nothing less than a miracle to save her, Kara gets rescue from an unknown, unlikely, and overwhelming source. Billionaire Simon Hudson makes her an offer that is impossible to refuse, but terrifying to accept from a man that she's never met. Will the handsome, alpha billionaire really be a solution to her problems? Or will he end up being a major complication and a danger to her emotional sanity? Reclusive billionaire Simon Hudson would rather be behind a computer creating computer games than rubbing elbows with the elite and he knows exactly what he wants...until he meets Kara Foster. Something about Kara touches Simon in ways he's never experienced and definitely doesn't like. For over a year, Simon watches over Kara, but stubbornly refuses to admit his desire to possess her, not even to himself. But when she ends up in a situation that could very well be her destruction, Simon steps up to help her, not realizing that in saving Kara, he might very well be salvaging his own soul. This is an erotic romance and is not intended for YA listeners. It contains graphic language, explicit sex, and other subjects not appropriate for YA listeners.

## Customer Reviews

If you're looking for an angsty, erotic serial, this is not it. While this serial is certainly erotic, it's not angsty. Rather, it is more of a feel good romance about two people falling in love. Simon is a

billionaire who is uber smart, sexy, and kind of a social recluse. He doesn't do relationships and romance. Women use him for his money and in return he uses them for their bodies. That's what he lives by and how he's always been...until Kara. He's been keeping an eye on Kara for a year without her knowledge. From the first moment Simon laid eyes on her, working at this mom's restaurant, he feels a pull and protectiveness towards her and has been looking over her ever since. Kara is a nursing student down on her luck, working as a waitress to get her through school and life. Her roommate had just cut and run without paying rent and so Kara has just been evicted. On top of that, her roommate took just about everything of Kara's. Left stranded with no home, no belongings, and no money, Simon takes her into his home and lavishes and spoils her with money, clothes, and everything that Kara could ever dreamed of. Their undeniable chemistry soon drives them together for one night of passion, but one night is not nearly enough. Simon is utterly fascinated and obsessed with Kara. Kara's feelings are also mutual. Their close proximity and time spent together eventually has Kara falling for Simon. However, Simon's shield is hard to crack. He possesses a secret that doesn't let him trust easily, especially women due to a bad experience in the past (and I mean bad). But, Kara is a determined woman and her determination and love eventually breaks down Simon's tough shield piece by piece. This serial was simply amazing and finger-lickin' good!! I haven't been this giddy over a book for quite some time now. I mean this book was just \*happy sigh\* So good! Simon was just so swoon-worthy. Oh man...this hunk of a man was intense, caring, dominating, loving, sexy, and a prowess in and out of bed ;-). I loved Simon's characterizations; definitely book boyfriend material. I loved Kara as well. She may be one of my favorite heroines. She had an ugly hand dealt to her in life, but she took it in stride. Kara portrayed strength, love, acceptance, and courage. I loved that while Simon threw money at her and wanted to spoil her with materialistic things, she didn't accept them without a fight and that she stood up to Simon. She was a heroine with a backbone and I loved her for that. Simon and Kara were beautiful together. They took no time in capturing my heart. I loved not only their sexy times together, but their realistic and playful interactions with one another that made them believable as a couple. One thing I ought to mention is that while the love scenes are erotic, they're not crude at all. Rather, they're tastefully written with passion in contrast to a simple insert tab A into Slot B. The stories were well-written; the actions and dialogue flowed easily throughout, but one thing I could do without is some of the unnecessary exclamation marks provided in the stories. That would be my only minor criticism. The Billionaire's Obsession also provided plenty of romance to melt your heart. The romance in this serial was nicely developed and written and super addictive. What I appreciated about this serial was that while there were an abundance of sex scenes, they didn't overwhelm the story or romance.

The author nicely balanced out the two. However, rest assured that there are plenty of steamy love scenes to steam up your ereader ;) (Elevator, bed, bathroom, etc.) I can't express how much I love this serial other than that, it was a marvelous read. The Billionaire's Obsession has quickly become one of my favorites and I highly recommend it. For each separate installments I rate them 4 stars, but as a whole this trilogy gets 5 shining stars!

Recommend this series. Connected with characters right away. Read all of them in 2 days. Didn't want to put down.

Kara is a nursing student who waitresses at Simon's mother's restaurant. He has been watching her for over a year but when she almost faints outside his apartment, he rushes to the rescue. She stays the night and the next day finds out she's been evicted and is left with nothing. Simon offers to let her stay, finish school and his stipulation is she quits work and spend one night in his bed. Mine for Now This one picks up where the other left. Simon and Kara living together. But a misunderstanding has her moving out. Mine Forever Secrets are revealed. Hot, sexy guy finally opening his heart up. Plenty of sex. Mine Completely Kara is emotional and they argue over a prenuptial agreement. I love these two people. Simon is dominant and Kara is independent.

Loved these books, and that it was a boxed set, was descriptive in sex scenes, and I enjoyed this, will definitely read more books by J.S. Scott

The characters draw you in from page. Hard to put down and stop reading. You can't wait to read what happens next.

Every once in a while I get a hankering to read a romance book. While perusing what was available on Kindle, I stumbled on this and decided to give it a try. I didn't do a "sneak peek" because I like to be surprised. Despite that, the price was right just in case it turned out to be terrible. Unfortunately, it did. This series, which is really one story written in novella format is, essentially, pornography. The barest construct of a story exists, which serves only to nudge us towards the next explicit sex scene. Remove those and you have about twenty pages of cliché interactions between stereotypical characters. The crudeness of the writing surprised me at first but once I realized what I was reading it made sense and I adapted. As I progressed, however, the crudeness started to make me giggle and, at the end of book three where he finally acknowledges and expresses his devotion

and love to her (guess how?), his phrasing made me laugh out loud at the same time I was cringing. It was hysterical. I was very tempted to stop at several points (guess where?), but decided I just had to find out what the traumatic event was that made him need to blindfold and handcuff to the bed all the women he had sex with. When I finally read it, once again I laughed out loud. Not because it wasn't terrible, but because it happened while he was having sex (at a very pivotal moment, too). What else would he have been doing, considering the nature of the story? Anyhow, you can only read about her saturated panties and his marbleized erection so many times before it becomes like reading the ingredients on a container of food. In the end, the only compelling thought I was left with was wondering whether the author is male or female - it could be either or both. However, my interest lasted only as long as it took me to delete the series from my Kindle. The \$0.99 I paid would have been better spent helping a homeless person or tipping a cashier - more rewarding, too.

This collection was out of this world from the first page of the first book to the last page of the last book. The passion, the love, the challenges, the connections, and the drama were out of this world and kept me flipping until I finished the set in one evening.

A wonderful read by J S Scott. Touching and heartfelt, the characters envelope you in their lives. Each character drawing an emotional tie with the reader. I would recommend this book for any reader of romance who likes a little classy spice to their story and am now hooked on J S Scott's works.
