Ynyr: Tornians, Volume 3

Synopsis

Ynyr was a third male, and while he was a fit and worthy warrior, he had always known that no female would ever join with him. Too many looked down on his family because of his mother's refusal to leave his manno. He knew Ull would be able to overcome this because he was a first male and would one day be a lord; maybe even Vali, since he was a second male, but neither Ynyr nor his younger brother, Zev, would ever be acceptable to a female. The most they could hope for was to serve their house with honor, but that all changed with the arrival of the females from Earth.

Abby's life had not been an easy one, especially after the death of her family when she was 16, but she had thought things were finally looking up. She was a year away from achieving her dream of becoming a teacher. Soon she would be making a difference in the lives of children others had given up on...that all changed when she was abducted by the Tornians. Ynyr and Abby had come together in the most unusual of ways, but that was just the beginning of their unique relationship. Together they had to do something no other lord and lady had to do. They had to take a house that had been destroyed by deceit and evil and turn it back into the worthy and respected house that it had once been. Will the secrets left behind by Bertos and Risa tear them apart? Or, will it be Abby's secret and Ynyr's reaction to it that does?

Book Information

Audible Audio Edition

Listening Length: 11 hoursÂ andÂ 17 minutes

Program Type: Audiobook

Version: Unabridged

ASIN: B01868OLSO

Best Sellers Rank: #50 inÂ Books > Audible Audiobooks > Romance > Fantasy #386 inÂ Books > Romance > Science Fiction #862 inÂ Books > Romance > Fantasy

Customer Reviews

I am so glad I stumbled across Grim. It started me reading this series of books written by this author. This one is great. So enjoyed the character interaction and the unexpected twist near the end. I can't wait for the next one. Feel bad for the author. They spend so much time getting the plot

documented perfectly and getting it published. I get it read the same day it's delivered and can't wait to read the next one. Love this author. Highly recommend.

I do look forward to this series in spite of weakness in writing and editing. The dialogue between the lovers is often repetitive. There are still too many errors that could be caught by a decent proofreader. The relationship between the active supernaturals and their "believers" is odd. Are these supreme beings or not. Any reliable supreme being could have restored the balance of fertility. Are these beings engaged with their "followers" or just watching? Learning the world around Ynyr and Abby and their efforts to rebuild a shattered kingdom provide much of the fun. Just like the women in the previous novels, Abby has to step up as Ynyr's partner and a leader to his people. There is an unusual artifact that the two previous villains left in the castle that challenges both Abby and Ynyr. She has to reveal a past that may be too much for Ynyr to accept. Although the elements of the ending are carefully placed in the earlier parts of the plot, the climax seems rushed and weak. Suddenly it ends with a brief scene that sets up the next novel.

I truly enjoyed this story. Previous review made me pause before buying, but I enjoyed the previous two books so I bought it. I am so glad. Editing errors were few and far between and did not distract from a well thought out plot. I'm enjoying learning more about these worlds with each book. This author is an automatic buy for me now.

Love the politics. This book was such a good read that I spent the night until I finished. The author gives us the inner workings of Tornian life by showing us Yrnr in his new role as a Lord of the former house of Bertos. The book is about growth, Abby's and Yrnr's. He's learning that life and having a female is more than about being worthy and who your family is and Abby is learning that she is VERY worthy. I love that despite being a milder heroine than Kim or Lisa, she still stands up for herself and gets Yrnr to listen and understand her points and ideas. Politics as usual have a play in this and we delve deeper into the history of how Tornians and Kazlians ended up in their positions of being cursed by the Goddess. Awesome addition to the series and the author leaves you with serious questions on what will happen to Ull as he deals with his youngest brother attaining power and recognition before him

Grimm was such a GREAT book that I was really looking forward to this one. It wasn't very good. The atrocious editing didn't bother me, honestly. The repetition in the inner monologues killed me.

The book basically said the same thing over and over about being fit and worthy. The ENTIRE book spanned about a week. The first 50% of the book happened in one afternoon. Basically, NOTHING happened in this book. I will be looking for the next one if it has good reviews and that is because I loved Grim soooo much. This one, not so much.

I was so happy this was waiting for me today from pre-order. I really enjoyed reading Abby and Ynyr's story. It was a little slow going at first with a few editing and spelling errors, but it quickly set a pace that had me reading till the end in one sitting. I loved that everyone popped in from the previous books. Right now I am not loving Ull, but I hope for better from him. Looking forward to the next in the series!

Once again I love a MK Eidem book! This book delved more into family dynamics and the relationship building was pretty high. Having interactions with characters from previous books was great as well. Learning more about the Tornians and other races affected by the Infection was also great. The editing issues were very minor so reading was less of a headache than previous books in this series. Will be re-reading again very soon.

Grim's book was good but had a lot of editing issues. Wray's was much better, and had a good story too. I had trouble getting into Ynyr though. It had too much history, not enough interaction between the hero and heroine. Abby had such a great personal story, but it was told in a paragraph or two and that was it. There was so much emphasis on who belonged to which house or what Bertos and Risa did that the interesting parts were lost. And I can't forgot the endless furniture/color/chamber conversations, it was just unnecessary imo. I did like the Abby and Brice story, probably the highlight for me. Other than one or two sexual encounters, Abby and Ynyr weren't interacting together, so I didn't connect with them as a mated couple. I did like the tease in the epilogue with Ynyr's oldest brother Ull. I do like this series and will probably read the next book. 3*
