I love this addition to the series of "21 Songs," as it provides easy chords, tabs or finger picking accompaniment to well-known Christmas season tunes. I consider myself a novice ukulele player, and I was surprised that I could play a good number of songs without any problem. I also liked that the book provides more than one way to play all of the songs, so that one can vary it by verse or even play duets by playing chords, the tab melody line or finger picking accompaniment. I can't wait to pull out my ukulele when friends and family gather during the holidays to sing some Christmas carols together. I will be ready and willing to play along as we sing. This book is timely to increase your joy in preparation of the Christmas season. .

After reading, learning and digesting all their previous books, I knew their Christmas book - 21 easy ukulele songs for Christmas - would not let me down! it has a great choice of songs that most people know and it is written with the same format as all the other books, (Chords, strum patterns, tabs etc and a little piece of history about each song as well!) what a treat is in store for you when you open up this latest little book that Jenny Peters and Rebecca Bogart have dished up! It will help me continue on my journey learning the ukulele! it's the perfect gift To add to my collection of their other books and lets hope there will be many more! enjoy... "Merry Christmas" Oonagh Morham

If you need a little holiday cheer this season, then get yourself a copy of 21 Easy Ukulele Songs for Christmas and you will start feeling festive right away. Nice selection of Christmas music with a little fingerstyle mixed in with some of the arrangements, which is a nice bonus for a little challenge. Like

the other two ukulele books by Jenny Peters and Rebecca Bogaert, this provides excellent instruction on many aspects of ukulele playing and could be a stand-alone instruction book. Would have liked some chord melody arrangements, but these are easy enough to figure out from the tablature provided. Love this book.

This is a great book for a beginner and learning player. I have been playing for almost a year and I was able to play the chords on all of these songs right away. With a little polish I will begin playing them for singing with my family. The songs sound great and they give the finger picking instructions also. This is beyond my ability right now, but is something that I will look forward to in the future.

Review on: [21 Easy Ukulele Songs for Christmas](#) by: Phil Strong - Music Teacher (Ret) - San Jose, CA
There is so much more to this 62 page [21 Easy Ukulele Songs for Christmas](#) than reading a chord and seeing a picture of the finger positions. It comes down to, [Why You Should Buy This Book!](#) as written by two outstanding seasoned credentialed music teachers with decades of combined musical teaching and performance expertise under their belts. Only after flipping a few pages, I felt motivated to go grab my uke and play!!! They start out with [Two Chord Christmas Songs: Oh Christmas Tree and I Saw Three Ships](#). Followed by 8 [Three Chord Christmas songs](#) followed by 4 [Four Chord songs](#). Next they introduce [Minor Mode](#) with 3 songs followed by 4 Holiday Songs with 5 to 7 chords. Once you have mastered the basic sing and strum version of each song, you can add interest and variety by trying the new versions of each song provided in this book and on the web at ukulele.io. The book is an easy read & play and provides a quick bridge from introducing a concept to actually playing it - the more you play, the better you sound! . . . that's why you should buy this book, pronto!

You need this book if you love playing Christmas music...whether you are a beginner (highly recommend for you) or a "seasoned" player. Classic songs that you can easily sing along with make it easy to get into and play right away. This book includes chords (chord shapes shown) and melody tablature in an easy to read format. History and information are given for each song...especially helpful if you are planning a Christmas program along with strum, tempo and embellishment suggestions. It's also now available in a Kindle Edition. A must have!!!!

I have all three of Jenny and Rebecca's books now. This one has the tabs for the melody as well as

the chords. I enjoy playing the melody as my singing voice is non-existent. Their website is fantastic! They have many lesson videos and song videos and it is all free. I highly recommend all three of their books. A+++

This is a great lesson book! The author is so very easy to learn from. The songs are great!! My only complaint is that I wish I had bought the paperback book instead of the E-book. The pages with music are just too small on my reader and they cannot be enlarged. I like to practice outside and the only way I can actually see the music is using my desktop computer or print them out!
