Game Misconduct: Dartmouth Cobras Series #1

Synopsis

The game has always cast a shadow over Oriana Delgado's life. She should hate the game. But she doesn't. The passion and the energy of the sport is part of her. But so is the urge to drop the role of the Dartmouth Cobras owner's "good daughter" and find a less...conventional one.

Playmaker Max Perron never expected a woman to accept him and his twisted desires. Oriana came close, but he wasn't surprised when she walked away. A girl like her needs normal. Which he can't give her. He's too much of a team player, and not just on the ice. But then Oriana's father goes too far in trying to control her, and she decides to use exposure as blackmail. Just the implication of her spending the night with the Cobras' finest should get her father to back off. Turns out a team player is exactly what she needs.

Best Sellers Rank: #186 in Books > Audible Audiobooks > Fiction & Literature > Erotica #5643 in Books > Literature & Fiction > Erotica #47275 in Books > Romance

Customer Reviews

Game Misconduct Reviewed by Francesca & posted at Under The Covers Book Blog Wow! Where do I begin... I got a lot more than I bargained for with this book. ;) This was my first book by Bianca Sommerland and I enjoyed it, even though I had a few minor issues with a couple of things (mainly... the heroine). A small warning is I'd say this is not a book for everyone so let me try to do my best to explain. The Cobras are a hockey team owned by Oriana Delgado's father. She is also dating, and living with, the team's coach Paul. Their dating relationship is more of a matter of business and convenience than love. Oriana is the mousy female type, not really an extrovert, she really doesn't know what she likes or how to ask for it. Always doing what others tell her and not making many waves. Or so has been the case until now. She's always had a crush on one of the

players, Max. And they were very good friends, even kissed, until one day she saw Max in an alley behind a bar having a threesome with his friend Sloan (another player of the team) that involved something more than just your regular sex toys. Now she's trying to get her relationship with Paul to improve and she visits the arena dressed in what she thought was a provocative outfit only to find him cheating on her. Her father wants her to stay with Paul even after she finds that out because he needs Paul's support of the team. In rebellion, she decides to make it seem as if she had sex with half the team and use that as blackmail. Except there's no pretend in the matter. Max wants her, loves her even. And somehow 4 of his friends and team players are all on board for getting a piece of Oriana. Yes, that's... count them... 5 guys! Three of whom are Doms, one of them is a sadist as well. I could barely keep up with all that was going on at times and who was doing what! LOL But I can't say I didn't enjoy most of it. *wink, wink* Some scenes might've pushed the envelope of what I find arousing (a little bit of breath play, edge play even though there was no bloodletting, and some pretty heavy spanking) even though there was a quite interesting use of ice mentioned. *makes a note* In the end my problem was mainly with Oriana. Her complete change of personality the moment she decided to go forward with her sexual adventure was not believable to me. She did a 180 in a matter of a day. One thing I can't deny is that this book was not only HOT but HAWTTTTT so if that's what you're in the mood for, you'll get plenty of that with this one! If I could give this more than 5 toe curls I would, but alas, that's all we have on our rating scale. Make sure you have what you need for that type of book handy and I'll just leave it at that. However, just note that this book does deal with some mid-extreme BDSM aspects so if that's not your cup of tea, then be warned. I hope there's more to come about the Dartmouth Cobras!!! *Review copy provided by author

I had put off writing a review for this book as I wasn't sure I could convey the number of things that I disliked. So let me start at the beginning. Right away I was confused. The author didn't do a good job in introducing us to the characters. In one sentence she would call a character by their first name and then the next sentence.. their last name.. with no linking of them. It took me till the middle of the book to figure out what first and last name went together. Next is that I ALWAYS felt lost and as if I was entering a conversation in the middle. The author did a POOR job of setting the scene, of getting us the relevant information about the characters. Instead, she throws them all together with no rhyme or reason. What I find even more laughable was that this is billed as a Max and Oriana story.. but they were hardly together! Plus.. I NEVER understood why they fell in love.. their was no explanation.. no build up.. Then there were was the "plan" that was concocted and the "relationship" she had with all the boys! Where in the hell did that come from?? Nothing and I mean NOTHING

made sense to me. And the sex.. it was meh.. I was soo busy trying to figure out what was really going on to enjoy it!And the hockey!! Ok.. I am a HOCKEY lover and there was sooo many things that irked me! One.. in one ch.. the author stated Oriana had never seen a game.. then the next ch she stated she never missed one!! Umm which was it! Next.. was the Cobra's an NHL or minor league team? It was never stated.. even tho the "teams" they played were NHL??In all.. this was either poor editing or EXTREMELY poor writing. My friend who suggested I read as she knows I love hockey told me book 2 was better.. but honestly.. I am not sure I want to take the chance.. this one was hard to get thru enough and I am not willing to waste more of my time.

I agree with other low reviews of the book, it was so confusing. The timing was terrible and there was little introduction of the characters. I had to read passages over and over to figure out what was going on and I'm still confused. It's been a long time since I've read something so all over the place. And it's so long, there's almost an entire narration of a hockey game, was that necessary. The absolute worst part is how the characters are addressed by two names the entire book. Why what the hell seriously. This book is trying to be too many things and failing at them all. This storyline could have been great if it wasn't all ADD and disjointed. I want the hours I spent reading back.
