Teenage Mutant Ninja Turtles: The Ultimate Visual History

Synopsis

Discover the complete story of the Teenage Mutant Ninja Turtles for the first time—“from their humble beginnings in black-and-white comics created in a home studio in Dover, New Hampshire, to their multimillion-dollar breakout success, and their position as four of the best-loved characters of all time. Featuring interviews with every key figure in the Turtles’™ evolution, Teenage Mutant Ninja Turtles: The Ultimate Visual History presents the tale straight from the mouths of those who were there, including co-creators Kevin Eastman and Peter Laird, animation legend Fred Wolf, creature effects maestro Brian Henson, and even the man behind the “Ninja Rap,” Vanilla Ice. In visually stunning detail, this book explores each iteration of the Turtles from the past to the present, including the hit animation show from Nickelodeon and the Michael Bay—produced live-action movie from Paramount starring Megan Fox. Bringing together the rarest art and artifacts from three decades of TMNT comics, TV shows, and films, Teenage Mutant Ninja Turtles: The Ultimate Visual History leaves no shell unturned!

Customer Reviews

I’m a huge sucker for these historical retrospectives on comic book characters. I read "Marvel: Five Fabulous Decades of the World’s Greatest Comics" as a kid and have always loved lavishly illustrated coffee table volumes covering the history of comics ever since, from Les Daniels Complete History books on Superman and Batman to IDW’s retrospectives on great artists like Wally Wood and John Buscema. I haven’t had a chance to read this just yet, it arrived only an hour

ago -- but man alive, just looking at it, it's a thing of beauty. There's tons and tons of rarely seen art and photos on every page of this beauty. This is a volume that deserves a place besides the TMNT Artobiography and IDW's gorgeous Ultimate Collections (or The Works for those that need color). It looks like every major era of the Turtles' history is covered here, from the creation of the Turtles to the upcoming live action film reboot.
