# Trees And Leaves CD-ROM And Book (Dover Electronic Clip Art)

## Synopsis

Finely detailed images depict hundreds of plant species from around the world — from maples, oaks, sequoias, and pines, to firs, palms, dogwoods, and various fruit trees. Artists and designers will find these attractive illustrations useful for floral borders, centerpieces, and all-over patterns. 399 black-and-white illustrations.

Product Dimensions: 10.9 x 8.3 x 0.2 inches

Shipping Weight: 7 ounces

Average Customer Review: 3.9 out of 5 stars — See all reviews (8 customer reviews)

Best Sellers Rank: #710,976 in Books (See Top 100 in Books) #219 in Books > Arts & Photography > Graphic Design > Clip Art #517 in Books > Arts & Photography > History & Criticism > Themes > Plants & Animals

## Customer Reviews

I got a copy of this book/CD to have images for our wedding invitations and envelopes. I was more interested in leaves than trees and I think the book is stronger on trees, but there are many nice examples of both. The CD provides images in many formats and sizes (for print vs. web applications) and it worked out great. As usual Dover is pretty much the only company with anything like this and it's reasonably priced.

beautiful drawings of trees, leaves, acorns, etc. These are great as artist's references, and just fun to use to sketch by for practice. Every kind of tree and leaf you can imagine is in here. It's a good buy for the money.

I like the material, hundreds of examples of not only trees and leaves but also the tree fruits, flowers, pine cones, nuts and seeds. However, it should be noted that all the images are in black & white. So if you want to see the colors, you will need a different resource.

This is a helpful artist tool. It has a variety of tree images that are useful. I have not tried the C.D. yet. One thing about these type of books, wish they had a few different images on the CD instead of just a repeat of what is in the book.
