## Synopsis

Make fun and simple paper craft projects with this easy origami kit. Ultimate Origami for Beginners Kit is the perfect paper craft kit for origami beginners and children. World-renowned origami designers and artists Michael G. LaFosse and Richard L. Alexander have selected paper folding projects from several popular origami categories that include: traditional origami, modern origami, origami flowers, paper airplanes, cute cuddly animals and much more! Use Ultimate Origami for Beginners to craft eye-catching origami for your friends, to beautify your home or as a wonderful gift for paper craft lovers. All of the folds are simple enough to be origami-for-kids projects and are a great way to learn origami. None of the projects require paint or glue so just unpack the origami paper and start folding right away! This origami kit contains: A full-colored 62-page origami booklet Clear step-by-step instructions Colorful diagrams and photographs Folding techniques and tips A DVD with easy-to-follow video tutorials 62 sheets of durable origami folding papers Several colors and three different sizes It seems that everywhere we look, people are folding paper origami. While previous generations may have made greeting cards with cranes folded from pretty scraps of paper, the art of origami has advanced to such a degree that we are now seeing it around the world. They grace retail store windows, as clever dollar bill folds displayed in restaurants and even on TV! This delightful array of projects and papers provided in Ultimate Origami for Beginners Kit are sure to get your feet wet, and your fingers folding! Origami Projects include: Crane's Egg "Kanji" the Dog Petallunia Moon Flowers Scallop Seahorse Dollar Yacht Ninja Jet And many more |

## Customer Reviews

Perfect for Origami Beginners. I got this set as a Christmas gift for my niece who's 10 years old. She loves crafts and art and this was perfect for her. She absolutely loved it! This kit includes different colored paper to make the origami, a few fake dollar bills to make unique origami out of money, a DVD on origami for beginners and a booklet that shows you step by step origami. This was super easy for my niece to follow instructions with and create awesome origami with. She really enjoyed it! I would recommend this! Hours of Fun!

Michael and Richard have done it again! This is a wonderful book, but I hope that more experienced folders do not dismiss this gem. It has several great models including a great model for Valentine's Day: Sealed with a Kiss! You can never go wrong with an origami book by these authors who make origami accessible for the young, old, skilled and novices. Make sure you get your copy of this very nice book!

This was an interesting buy. It came with a DVD that shows you step by step how to make different origami figures which was very helpful as sometimes seeing someone else make the folds versus reading it in the inclosed book made it much easier to follow along and complete the project.

This is a very nice set, especially considering all that is included for the price. Unfortunately, it is definitely not geared toward beginners. I purchased this as a gift for my daughter and have sat with her trying to make several of the pieces in the book. The instructions are complicated and unclear. Some of the step-by-step directions call for folds that are not explained at the beginning of the book. We have yet to successfully complete any of the pieces.

I purchased this for my 7 year old daughter and she was so excited!! She loves origami and this came with everything she needs! Step by step instructions, paper, fake dollars to learn how to fold bills and a dvd!

Fantastic children's guide to being more artistic...Loved buying this gift for a young, sick child in the children's hospital for Christmas. Boring moments that can be filled with color, imagination, creativity, and lot of beauty!

Bought for my six years old who has been doing simple origami but this set is too complicated for

her. Thought its for beginners

great -- Granddaughter used her skills learned for a demonstration 4/H project
