The Art Of The Hobbit By J.R.R. Tolkien

Synopsis

J.R.R. Tolkien's complete artwork for *The Hobbit*, presented for the first time in this edition. When J.R.R. Tolkien wrote *The Hobbit*, he was already an accomplished amateur artist, and drew illustrations for his book while it was still in manuscript. The *Hobbit* as first printed had ten black-and-white pictures, two maps, and binding and dust jacket designs by its author. Later, Tolkien also painted five scenes for color plates, which comprise some of his best work. His illustrations for *The Hobbit* add an extra dimension to that remarkable book, and have long influenced how readers imagine Bilbo Baggins and his world. Written and edited by leading Tolkien experts Wayne G. Hammond and Christina Scull, *The Art of The Hobbit* by J.R.R. Tolkien showcases the complete artwork created by the author for his story—including related pictures, more than one hundred sketches, drawings, paintings, maps, and plans. Some of these images are published here for the first time, others for the first time in color, allowing Tolkien's *Hobbit* pictures to be seen completely and more vividly than ever before.

Book Information

Hardcover: 144 pages

Publisher: Houghton Mifflin Harcourt; First Edition edition (September 18, 2012)

Language: English

ISBN-10: 0547928254

ISBN-13: 978-0547928258

Product Dimensions: 10 x 0.6 x 10 inches

Shipping Weight: 1.8 pounds (View shipping rates and policies)

Customer Reviews

When J.R.R. Tolkien wrote his classic book "*The Hobbit*," he also made several illustrations for it. "*The Art of The Hobbit* by J.R.R. Tolkien" explores all the artwork that Tolkien produced for that book -- every sketch and version of the illustrations, and how they related to the text. It's not a read for casual fans, but for Tolkien aficionados. Wayne G. Hammond and Christina Scull carefully study all the pictures Tolkien drew -- the trolls, the interior of Beorn's hall, the entrance to the Elf-King's

home, Rivendell from different angles, Bag End and the surrounding Hobbiton, Lonely Mountain, and so on. Each picture is shown in large, clear formats (sometimes with fold-out pages). But they don't just study the final product. Just about every piece of art Tolkien made for "The Hobbit" is in here, from rough pencil sketches to detailed maps and watercolors. Even the scribbles in the margins are preserved. And there's a lot of analysis of how these pictures came to be. Scull and Hammond explore Tolkien's "Hobbit" art, artistic influences and the evolution of Tolkien's artwork, as well as some of the changes he made along the way (the Elf-King's gate abruptly changes shape). And they answer some important questions in their analyses, such as... why is Bilbo wearing boots in some of the pictures? As an artist, Tolkien comes across as possessing real talent, but technically untutored. His art ranges from pencil sketches showing the basic outlines to delicate pen-and-ink work, and even color work in deep earth tones of brown and grey. He wasn't a great artist -- Scull and Hammond note that he had some artistic issues, such as the scale of furniture in Bag End.
