## Customer Reviews

We got this for our 10-year old son and we both loved this book! Easy tutorials that anyone can follow, no prior drawing experience needed! Our favorite part of this book is the "bucket of parts" that we can use to customize any of the existing monsters or make our own!

Such a fun book! Clever and easy to use! Love it!

My daughter got this book for Christmas and it is great! The drawings are a lot of fun and the step-by-step instructions are easy to follow. She has had fun trying out a few of the monsters so far. I added a picture of her first attempt. She was really proud of herself! If your kids (or even adults!) are looking for a book to help learn some drawing skills, this is a good book to start with!
