Language: English

ASIN: B0118LNZP6

Best Sellers Rank: #14 in Books > Audible Audiobooks > Arts & Entertainment > Photography  
#32 in Books > Arts & Photography > Photography & Video > Architectural > Houses & Hotels  
#47 in Books > Arts & Photography > Photography & Video > Equipment, Techniques & Reference > Lighting

## Customer Reviews

I found the discussion and tips here useful and fairly easy understand as well as to apply in my own photography efforts. The one thing I would have found even more useful in this book was a diagram of the various lighting setups and then an example or two of the results afterwards. In the meantime, I will have to do these myself for my own lighting notebook.

Fine as usual
