Synopsis

It was never easy for Professor Green. Born into a tough Hackney estate and raised by his grandmother, the rapper was always learning the hard way - whether at school, on the streets of east London or on stage during impromptu freestyle battles. Indeed life and music have always been intertwined for the young rapper, but it wasn't until he was 24 that the two were brought into focus by the suicide of his father -and his emotions, ever since, have been reflected in the raw and often passionate lines of his lyrics. In this wonderful autobiography, Professor Green - a.k.a. Stephen Manderson - reflects on his life so far and how his upbringing and encounters - both good and bad - shaped the person and musician he is today. Passionate, raw and totally open, Lucky is the story of a boy's journey, from life close to the streets, all the while working towards becoming a successful musician, achieving that dream and eventually gaining that success, only to realise it wouldn't quite solve all of his problems...Lucky is accompanied by the exclusive Mix Tape app, which takes you closer to Professor Green and his story. With exclusive digital content for readers to enjoy, this is a rare insight into one of the most exciting and controversial musicians working in music today.

Absolutely loved and thoroughly enjoyed this book. I'm not one for for rap music but I loved his song "Read all about it " as it touched me personally, but as an individual I have the up most respect and admiration for Stephen. What an incredible guy , painfully honest and truthful. Highly recommend
