Magic City: Trials Of A Native Son

Synopsis

A thug is someone who stands on his own. He lives by the decisions he makes and accepts the consequences. A thug is comfortable in his own skin. I wear mine like a glove. • Trick Daddy was born a thug "just a stone's throw from downtown Miami, yet a world away from its dazzling beauty and sparkling wealth. Where grinding poverty, deadly crime, and devastating racial tension taught kids to live by the "hood rules. Remarkably, Trick came from nothing and made it big just when his chances had run out. Magic City is the extraordinary tale of a boy whose father was a pimp, who learned to hustle to survive, and whose only role model was his brother, the drug dealer he watched plying his trade on the block. It's the untold truth behind the cult movie Scarface, of the drug money that transformed the city into a shining mecca for the rich and famous while turf wars between smalltime pushers claimed countless lives. It's also the incredible story of how that potent mixture of extremes "the electric pulse and glittering abundance of South Beach and the crime, corruption, and despair in its shadows" gave rise to the most dominant sound in hip-hop today. Magic City is an ode to Miami, a riveting tale of a paradise lost and a native son determined to infuse it with new life.

Customer Reviews

A MUST read. I absolutely loved this book! It well-written, real, and raw. Your emotions will definitely be stirred with this one. I pre-ordered this book and read it in two days. I could not put it down. This book gave me a greater understanding of the child he (almost) never was, the man he became, and the man he has become. Great work!

When I received my copy in the mail and started reading this book, I never put it down and finished it the same night! This book allowed you to experience his life of pain, heartache, disappointment and triumph. It allows the reader a better glimpse and understanding of why young black males sometimes make certain decisions that can be life altering. Trick didn't fail in this book, he showed his pain, he didn't mask it. He expressed his true inner feelings, something that most black males don't ever do. I think that this is a book which all young black males should read because Trick is trying to impress upon the reader that youth don't have to make the same choices and travel the same road as he did. I am ordering a bulk shipment for the youth of my organization to pass out. I am extremely proud of this book and the work Trick has done! Kudos to you Mr. Young for letting people into your life!!!!!!

Very interesting. I didn't know Trick Daddy actually been through half the s*** that was mentioned in this book. Sometimes I guess that's why he seems to be so rough around the edges. I liked it 'cause it gave me a different perspective of yet another well known rapper and their upbringing. Good Job Trick !

I mean that in a good way. I've been following Trick since "Nann" during my college days. Me and my girls would ride to the club with this CD pumping loud over and over again. Trick is real as you get and this book proves it. I enjoyed the raw story of his life and related lightly to it. I grew up in a community where drugs changed family lives for the worst. I love the way he supports family and education.

Inside the mind of one who feel he has nothing to live for. Most people just want opportunity. Trick takes you inside of America `suicide bombers`. I recommend this book for every young man trying to figure life out. Truth is world will spin with or without you so make most of your life.

It's an intimate, first hand account of trick daddy's life. However, it is not all written by trick, you can tell the narrator included some of his own speculation. But it's pretty honest. you will be nostalgic of miami if you grew up there like I did when you read this.

amazing story, anyone from miami should get a copy and learn about the history behind this place. trick is the man! very humble and clever. hoping to get a part 2. definitely worth reading. finished the

whole thing in 2 days. highly recommended!

Who knew that Trick Daddy went through so much through life? He was able to get through the toughest times and is proof that anyone can become successful. Very intriguing story!
