## Customer Reviews

It should have been Horses, Unicorns and Pegasus and naked women Adult coloring book. I would rather have more horses! Other than that everything was fine.

This is not my idea of a coloring book. It is very abstract and the picture on the cover does NOT accurately represent what is in the book. Some of the areas to color are so small you would need a magnifying glass to see properly. Paper is poor quality and the pages do not tear out of the book. I would not recommend this book to anyone.

Really like the coloring book. Just a word of caution, I purchased this for my 14 year old grand daughter and there were a few pages that I had to tear out due to content. Other than that the book works great for her.

a gift for my wife. it did not need the 2 apparent naked ladies.

Not what I expected ... Its not that cool

Nice as far s coloring books go.

quite unique.....love it
