The Mystical Lands Of Uchana: Coloring Adventures In The Secret Realms

Synopsis

A unique, fantasy land coloring book | Enter into The Mystical Lands of Uchana, where you will discover enchanted locations and hidden habitats at every turn of the page. Travel to different sites on the Uchana map, while pausing along the way to add the colors that will magically bring each scene to life. This delightful, fantasy-themed coloring book contains twenty-four hand-drawn illustrations; each drawing appears twice. This provides the opportunity to use a different color scheme or different media on the second copy. Pages are printed on one side only, so that virtually any media may be used. It is recommended to insert a blotter paper beneath the page you are coloring.

Customer Reviews

Check out my review on youtube. Pictures in this book are the best in any coloring book i have seen thus far. Very cute, well done drawings. Paper quality is not that great but even with that, i would recommend buying this book if nothing else just for the illustrations.

I bought this book because I was intrigued by the fact that it seemed to be an imaginary land | I found that the illustrations tie into the map of this imaginary world. I'm new at coloring | I've seen beautiful pictures posted online by adult colorists with excellent shading and highlights. I've never been very good at the shading part, however, in this book, the artist has included a small amount of shading in the images, which actually assists me in knowing where and how to do my

shading. This is helping me to learn to properly shade and highlight. I also like that fact that there are some simplistic pictures, and other very detailed pictures. I can choose whatever I am in the mood for. I would highly recommend this book for both new and advanced colorists!

The attention to detail is fabulous. I bought this for my Daughter, and my Wife picked it up and started coloring it in. Thank goodness she includes 2 copies of each picture, so my Daughter can color the second set. I suggested they each do one set and then we will see who does a better job. Lol.I found myself looking through all the pictures being amazed at all the little details. My eyes never ran out of things to look at.Thanks for a great coloring book!!!

I'm not usually into adult coloring books as the subject matter doesn't usually grab me. However as soon as I saw this book I knew I had to have it. This is a book that propels me back to all of my childhood fantasies. It is more intricate than most coloring books out there, and that is why I fell in love with it. I love the celtic feel and all of the secret hidden worlds. If you want something out of the ordinary, grab this book!

No other adult coloring book like this one! Amazing art and exquisite detail. All hand drawn! Support our local artists! This would make a great birthday gift, a gift for an art teacher, mother, college student, and anyone who has an eye for unique art. ONLY UNDER \$10 buck!!!
