## Customer Reviews

This book and another one I ordered (Fire Trucks) was not very good at all. It was poorly printed, where you could not make out a majority of the pictures (lines thick and blurry). I contacted them immediately and they did respond right away, and informed me they are reprinting their books. This was in MAY 2016. They also told me they would send me new coloring books to replace the ones I had bought. I have not heard from them since, and it is now AUGUST 2016. Being a customer and giving them money, I feel like they should be contacting me and not the other way around. I am not happy at all about my purchase. If they get around to sending me revised copies of the two books I ordered, then I will be more than willing to give an updated review. Like I stated, I

bought these books with my own money and I always try to look at the positive in life, but I had to be honest - UNLESS these coloring books have been revised, they are not the quality one would expect!

Just as described - very detailed photo prints. Minor flaws in printing.
