The Beatles Anthology

Synopsis

This extraordinary project has been made possible because Paul McCartney, George Harrison and Ringo Starr have agreed to tell their combined story especially for this book. Together with Yoko Ono Lennon, they have also made available the full transcripts (including all the outtakes) of the television and video series *The Beatles Anthology*. Through painstaking compilation of sources worldwide, John Lennon's words are equally represented in this remarkable volume. Furthermore, The Beatles have opened their personal and management archives specifically for this project, allowing the unprecedented release of photographs which they took along their ride to fame, as well as fascinating documents and memorabilia from their homes and offices. What a book *The Beatles Anthology* is! Each page is brimming with personal stories and rare vintage images. Snapshots from their family collections take us back to the days when John Lennon, Paul McCartney, George Harrison and Richard Starkey were just boys growing up in Liverpool. They talk in turn about those early years and how they came to join the band that would make them known around the world as John, Paul, George and Ringo. Then, weaving back and forth, they tell the astonishing story of life as The Beatles: the first rough gigs, the phenomenon of their rise to fame, the musical and social change of their heyday, all the way through to their breakup. From the time Ringo tried to take this drum kit home on the bus to their much anticipated audience with Elvis, from the making of the Sgt. Pepper album to their last photo session together at John's house, *The Beatles Anthology* is a once-in-a-lifetime collection of The Beatles' own memories. Interwoven with these are the recollections of such associates as road manager Neil Aspinall, producer George Martin and spokesman Derek Taylor. And included in the vast array of photographs are materials from both Apple and EMI, who also opened their archives for this project. This, indeed, is the inside story, providing a wealth of previously unpublished material in both word and image. Created with their full cooperation, *The Beatles Anthology* is, in effect, The Beatles' autobiography. Like their music has been a part of so many of our lives, it's warm, frank, funny, poignant and bold. At last, here is The Beatles' own story.

Book Information

Hardcover: 368 pages

Publisher: Chronicle Books; 1 edition (October 5, 2000)

Language: English

ISBN-10: 0811826848

ISBN-13: 978-0811826846

Product Dimensions: 10.2 x 1.6 x 13.8 inches

Customer Reviews

Hundreds of books have been written about The Beatles, but it is crushingly obvious when reading this Anthology volume that by far the best one would naturally come from the bandmembers themselves. [The price] seems like an incredible bargain considering the size and quality of this work, which covers the years 1940 (the birth of Ringo and John) to the breakup in 1970. At 368 coffee-table sized pages it's already huge, but the small print makes it almost double that size. The book would be worth it just for the photos alone, which are beautifully reprinted--many from the early years are actually in color--chronicling dozens of previously unpublished, intimate moments taken straight from the group's personal archives. But what really makes this one essential is the text itself, which is taken from interviews conducted with Paul, George and Ringo in the 90s and an exhaustive compilation of Lennon quotes from all points in his life (I recognized many, but there were also some I've never seen before). Even after the dozens upon dozens of biographies which have recounted the group's earth-shattering tale ad nauseum, you feel like you're reading it for the first time. All four bandmembers speak with a thousand times more wit, frankness and detail than all of their previous biographers combined; in fact, they manage to offer up juicier tales, and more interesting spins on already known events, than anything you've read before even in the most gossipy bios--and you get it this time knowing that it's honest (you know it's honest when you hear conflicting memories about certain events!).
