I am very fond of this adult coloring book. It has very detailed pictures that allow you the imagination to bring your pictures to life. This coloring book has each picture with the back of each blank so you do not have to worry about your ink bleeding onto a picture behind it. I really like that about this book. This coloring book has thick paper and is great to be colored with markers, gel pens, or color pencils. I personally am very fond of using gel pens with each of my pictures. This coloring book really is a huge stress reliever. It gives you time to focus on just your coloring it helps empty out your mind of the worries of life to where you focus on nothing but the beauty you are bringing to life from someone else beautiful displays of drawings. This coloring book specifically states adult coloring book but in my honest opinion I believe any age would love the details this book provides. This book is great for men, women, boys and girls. This coloring book is filled with all different breeds of dogs and is perfect for any pet lover. This book comes to 66 pages and is about the size maybe a tad bigger of an 8x10 picture frame. I received this adult coloring book at a free price in exchange for my honest review.

This is a hilarious mashup of a Dia de Los Muertos coloring book and a dog coloring book. For Dia de Los Muertos, it's customary to display colored skulls (called "sugar skulls" in English), so that's what these designs are based on and refer to -- only with cute and funny dog faces. So it's a fun and funny coloring book, and also a cute one for us dog lovers. As a coloring book, I'd also say that it's top notch. You don't have mess regions in this coloring book, or bag cropping jobs that leave you leave you hanging as a colorer. Instead, I've found coloring in this book entirely relaxing and satisfying. Where does the satisfaction come from in coloring? In making things, I think, but in making things that don't take too much arduous or complex work. And then there is the joy of returning to something (coloring) that was seemingly left behind in childhood. Coloring brings out one's true colors, too, in a sense: you can find out a lot by coloring with someone. Are they patient? Careful? Always in a rush? Able to plan ahead? In coloring, I think, we can learn a lot about ourselves and others. Spencer in Seattle original review I was provided a free sample in exchange for my honest review.

Dia De Los Perros by Papeterie Bleu is an adult coloring book about dog sugar skulls! This book is clearly printed with a huge variety of dogs! I'm sure that you will find your favorite breed of dog in this book. I found mine! This is a totally new concept in coloring books, and everyone loves pets! It appeals to the kid in me and also the adult because some of the pages are more detailed and a little more challenging than others. Buy one for yourself and one for a gift! This is my first all dog book as well as my first dog-sugar skull adult coloring book! As a dog owner and lover, I was pretty thrilled and excited when I found out about this one. There are so many different breeds in here, that you will probably find your favorite and there is plenty to choose from. Also, there is so many different well detailed designs ranging from intricate and small to more simple and larger areas. The paper is thick enough for any colored pencils, markers or gel pens as long as you have a paper behind. So far, I've used colored pencils as well as watercolored pencils in my book. The watercolored pencils, which is my very first time using; has held up well in this book. No bleed. I highly recommend this book to all the dog and adult coloring lovers out there! I received this book through the preferred reviewer program for free in exchange for an honest review. *will update with pictures soon.*

I'm so in love with this book! I'm a big dog lover and I really enjoyed the other Dia De Los Muertos themed books from Papeterie Bleu. These designs are so fun to color and really help to relieve the stress from the day. Definitely recommend this book for the dog lover in your life... get two! One for you and one to give away :) I received this book as part of a preferred reviewer program for testing and a possible unbiased review.

I LOVE THIS!!! :) I have loved coloring since I was a little bitty. When they started making these "adult/meditation/relaxation" coloring books, I lost my mind! :) I loved them immediately. I have a whole variety of these and there is nothing better than an oversized mug of hot tea, my set of colored pencils, and a new coloring book. The detail in these images allow for actual time and creativity to be put into your coloring. There is some serious relaxation going on there. This Dog Sugar Skull Coloring Book is the most recent addition to my stack of grown up coloring books, and I love it! I love sugar skull designs and combining that idea with a variety of dog types is a win. I have included a few page pictures of some of my favorites. Overall, I am super pleased with this book! It's wonderful! Added Bonus: There was a coloring greeting card included with the coloring book. It is

simply beautiful, and definitely something I need more of!
