## Customer Reviews

Summary: "Jasmine Becket-Griffith Halloween Coloring Book" contains 46 pages of illustrations and 3 pages of introductory material. It measures approx. 8.5 x 11 inches and is sewn into a thick brown cardboard cover with a removeable dust jacket. Featuring gothic and halloween inspired artwork, this book is appropriate for colorists 16+ on all skill levels. Paper: The paper in this book is cream colored and quite heavy (almost like cardstock). Most of the pages feature a single image and have a small descriptive paragraph on the reverse, but there are a few with 4 smaller pictures grouped together as well. No pages are perforated. All mediums are okay to use as is, but alcohol based markers will bleed through. Be sure to place several sheets of paper under your current picture to prevent color transfer. Artwork: The artwork featured in this book is all original and highly stylized. There is a strong emphasis on dark subject matter. Inside you'll see witches, skeletons, pumpkins, wolves, cats, and vampires. There are also some pictures featuring death traditions and lore from various cultures around the world. Nearly all of the images feature a full body with a complete

background, but there are a few that are done in portrait style. All of the images are finished by a thin black border and end before reaching the binding. If you choose to remove them, nothing will be lost. Detail level does vary a bit from page to page and print quality is high. Picture completion time should range from 3-8 hours(may be slightly different for each individual). Overall, this is a beautifully composed book with a fun take on Halloween. It would be best suited for colorists who enjoy dark or gothic imagery.

Another amazing big eyed girl coloring book by Jasmine Becket-Griffith! I pre-ordered it the day it came out because I loved the first book so much & it doesn't disappoint. If you like big eyed girls, this is a must have coloring book!

Another amazing masterpiece for Ms. Jasmine Becket-Griffith. She is one of my favorite artists. I had the first coloring book and when I saw this one, I had to have. Halloween is my favorite holiday, and when you add her work you get perfection. The pictures are detailed, but not too much where it is too busy. There are many varieties, so you can choose to finish in one sitting or you can take several days. The pages are nice and thicker than normal. So, using water pencils or gel pens work wonderfully. Now all she needs to do is a Disney one and we would have the trifecta.

Another amazing product from Jasmine Becket-Griffith. If you love her artwork and want to color it yourself then this is the book for you. Amazing paper to color Jasmine amazing work, the paper is thick and of high quality. I wish I could give more STARS. ~ A

I got my book by Jasmine Becket-Griffith today and it is amazingly beautiful. I am in love with her last book and this one is the same. I hope to see more adult coloring books come out by her. True artist work with a great imagination.

Another amazing coloring book by the beautiful Jasmine ! I collect almost everything she has to offer. From figurines to tarot/oracle decks, and now her coloring books. I usually order from , but a computer error delayed my preorder of this item so I bought it elsewhere. It's all good !!!

She is my favorite artist and this book did not disappoint. I love it so much I'm debating if I even want to color it. Maybe I will buy another one. Can't say enough of good things about this book. Was so happy when it finally came. I preordered it and forgot about it so it was like a gift to myself. Can't

wait until the next coloring book. I have 2 of hers :)

Fantastic book ! It has tons of beautifully drawn images for all the little Halloween lovers, or if you like vampires witches or other things that go bump n the night you will love this book. It is standard size with pretty decent paper in it. My prismacolor pencils do very well on this paper, I cannot say if there will be bleed thru with markers or gel pens because dont use either. Both Jasmynes books are fantastic and if you dont have them I would sure recommend them both !
