Wonderful BOOK! I was asked to review another book by this seller and loved it so much I purchased this one when it was on sale a few weeks back.. I wasn't asked to purchase it.. I wasn't offered a discount to purchase it.. I purchased it because his last book was so GREAT and so is this one.. If you are looking for a unique and fun coloring book.. One that isn't just fancy shapes and flowers.. THIS IS YOUR BOOK!! Its fun.. It's unique.. its a REAL adult coloring book!!! color these with colored pencils and have a great time doing it

This is one of the better sweary words coloring book where the words you're coloring are too intricate in design. The animals and background images are just that, in the background allowing me to color the word in full before coloring the rest of the picture. There are some books where you can't even tell what you're supposed to be coloring and this is not one of them. Personally, I find it very relaxing and I feel my stress fall away when coloring and I'm happy to say that this book is one of the best out there.

Swear words coloring book that is more than just swears. It's a work of art. I love the light hearted approach to some of the nastiest words humans have come up with. The images provide perfect coloring for when you're having "one of those days "! Who hasn't been put down by the clerk at the DMV, and wanted to shout a few of these words at them? This is the perfect solution to such a situation. All the fun without all the fuss. I also like the fact that the author has provided links so you can download and print them on heavier paper allowing you the option to use marker or print out

and color your favorite swear words over and over again.

This is bad, so so so bad, but in such a good and fun way! It's kind of like pitching your own fit, but instead of your blood pressure going up, it goes down with each letter you color and you end up laughing instead of yelling! The paper is of a good quality and the drawings are so cute. You can't go wrong with this one. :)

Love, love, LOVE this book!! I just finished the '\$hi!' picture last night and I'm absolutely in love

I've seen several other swear word coloring books that have little animals, but they are just the same little dog/cat over and over with a new swear word. This book has all kinds of animals playing around the horrible words!! I love the juxtaposition of the adorable animals with the foul language! So funny, and sometimes you've just had the kind of day that you need to color "sh***" on a page! Details of the book:-Mice, dogs, cats, bunnies, flowers, pigs, pandas, frogs, elephants, sheep, raccoons, porcupines, foxes, butterflies, moose, giraffes, lions, squirrels, chipmunks, owls, snakes, deer and alligators--all frolicking about.-32 single sided swear words and phrases to color-Bright white paper, same as all the Createspace publications-Matte covers, 8.5x11" size-BONUS: links to a PDF copy of the book!!-BONUS: 4 bonus designs in the back of the book (3 are intricate animals, one is a swear word)If you are looking for a fun swear word coloring book, this one is packed full of great pages to color!

Yet another funny and stress relieving adult (this time quite adult, not for the little tykes, nosiree) coloring book. Rather heavy white paper designed for no bleed thru, but still, if you use pens- you should put a piece of cardstock between the pages.A little over 30 pages, with just about every bad word in the (unabridged) dictionary, and a few words that aren't (well, at least in mine, anyway!). Obviously I can't list them here. Each includes some animals, butterflies, flowers and etc.Not fun for the whole family, of course, but a great stress reliever for a somewhat broadminded adult.Fun!

I've already started coloring the pages from the book and couldn't be happier. I absolutely love each page in the book and the bonus pages that came with it. I can't wait for more books to come out. :-)
