The Last Olympian: Percy Jackson, Book 5

Synopsis

All year the half-bloods have been preparing for battle against the Titans, knowing the odds of victory are grim. Kronos's army is stronger than ever, and with every god and half-blood he recruits, the evil Titan's power only grows. While the Olympians struggle to contain the rampaging monster Typhon, Kronos begins his advance on New York City, where Mount Olympus stands virtually unguarded. Now it's up to Percy Jackson and an army of young demigods to stop the Lord of Time. In this momentous final book in the New York Times best-selling Percy Jackson and the Olympians series, the long-awaited prophecy surrounding Percy's sixteenth birthday unfolds. And as the battle for Western civilization rages on the streets of Manhattan, Percy faces a terrifying suspicion that he may be fighting against his own fate. --This text refers to the Hardcover edition.

Language: English

ASIN: B0028TY17O

Best Sellers Rank: #75 in Books > Audible Audiobooks > Children's Books > Science Fiction & Fantasy #99 in Books > Audible Audiobooks > Children's Books > Fiction

Customer Reviews

I must admit, when I first picked up the lightning thief in preparations for my vacation last summer, it was with a thought that I might be able to use it as a excuse to not have to take driving shifts as we drove steadily eastward to yellowstone. My family knows that if I am really in a book, nothing can pull me away from it. And so, as I desperately waited for my classes to get out, having bought The Last Olympian early that moment the doors opened at a local borders. I couldnt wait to start reading, having finished rereading book four during my lunch hour. And I was not disappointed. Riordan has a wonderful sense of humor with a snarky edge to it. Though I usually do not enjoy books written in first person, because most authors dont get just how dangerous writing first person can be, Rick has shown a nack for choosing his words carefully, showing up a world in vivid detail, and emotional

clarity. The Last Olympian is a wonderful ending to a series that had much promise, and never broke it. To those who might be afraid I will spoil anything, I won't. I will only say this; Many twists and turns await you. In the final book of the Percy Jackson series, Rick Riordan has woven a tale, pulling all the threads together into a tapestry, with everything he had done before coming together in a epic, emotional ending... a ending that stirred my emotions in a way only one other writer, and concluding book had done, and that was Harry Potter and the Deathly Hallows by J. K. Rowling. While their story telling and writing styles are vastly different, what they share is a thirst for a good story, red herrings to throw you off, and a ending that you couldn't fully see coming, but can't help but be moved by in the end.

Rick Riordan's series starring Percy Jackson and his demigod companions from Camp Half-Blood has brought Greek mythology vividly to life for a whole new generation of readers. Riordan manages to meld contemporary life with classical mythology, all the while imprinting his novels with clever humor and dynamic characters. The formula has worked perfectly; each book's popularity has grown, and millions of fans have been clamoring for the final volume ever since the publication of THE BATTLE OF THE LABYRINTH in 2008. Now, with THE LAST OLYMPIAN, the wait is over. Fans of the series know that Riordan has been building suspense for the ultimate battle between the renegade Titans and the demigods of Camp Half-Blood. Over the course of four previous books, the Titans have grown stronger and gained support, but Percy himself --- as well as several of his friends --- has grown from a confused and awkward boy questioning his identity and heritage to a capable and courageous leader. In this final adventure, the two forces collide, and the result is spectacular indeed. Throughout THE LAST OLYMPIAN, Percy is troubled by dreams and prophecies. Some are open to interpretation, but others seem to foresee certain doom for Percy and his forces. Summoning all his courage and uniting his forces proves tougher than Percy had anticipated, especially when some of the internal conflicts at Camp Half-Blood threaten to sabotage his plans (it's hard to win a war without the children of Ares cooperating with you!). The battlefield for this final conflict is, in true Riordan style, the streets of Manhattan, centering on Mount Olympus (known to us mortals as the Empire State Building). As the casualties mount, loyalties are tested, sometimes strengthened and other times broken.
