The Mark Of Athena: The Heroes Of Olympus, Book 3

Synopsis

Annabeth is terrified. Just when she's about to be reunited with Percy - after six months of being apart, thanks to Hera - it looks like Camp Jupiter is preparing for war. As Annabeth and her friends Jason, Piper, and Leo fly in on the Argo II, she can't blame the Roman demigods for thinking the ship is a Greek weapon. With its steaming bronze dragon figurehead, Leo's fantastical creation doesn't appear friendly. Annabeth hopes that the sight of their praetor Jason on deck will reassure the Romans that the visitors from Camp Half-Blood are coming in peace. And that's only one of her worries. In her pocket, Annabeth carries a gift from her mother that came with an unnerving command: Follow the Mark of Athena. Avenge me. Annabeth already feels weighed down by the prophecy that will send seven demigods on a quest to find - and close - the Doors of Death. What more does Athena want from her? Annabeth's biggest fear, though, is that Percy might have changed. What if he's now attached to Roman ways? Does he still need his old friends? As the daughter of the goddess of war and wisdom, Annabeth knows she was born to be a leader - but never again does she want to be without Seaweed Brain by her side.

Book Information

Audible Audio Edition

Listening Length: 15 hours and 8 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Listening Library

Audible.com Release Date: October 2, 2012

Language: English

ASIN: B009KHIS6M

Best Sellers Rank: #73 in Books > Audible Audiobooks > Children's Books > Science Fiction & Fantasy #96 in Books > Audible Audiobooks > Children's Books > Fiction

Customer Reviews

The third installment of what will be a five book series has finally come out and I could not be happier. Before I get to the nitty gritty I want to start off by going over the cover art and my thoughts on it. The cover art on this book is excellent. I'll make a bold statement and say it's the best cover art of any of the Percy Jackson or Heroes of Olympus books (still not as good as the cover art on the Kane Chronicles). It is however, a bit mis-leading (though certainly makes a great image) as the scene between the two boys depicted is very very short. It takes up a total of 2-3 pages and is not

significant in any way really. The red owl overall is a big part of the story/theme and should make more sense once you actually read the novel. This book starts off where the last one ended, with a flying ancient-Greek trireme floating in at the Roman Camp. You'll find out what happens and how it causes some stressful situations later on in the book but I'll leave that knowledge out of this article so I don't ruin it for you. The story continues on the premise of the next great prophecy where seven demigods from both the Roman and Greek camps have to unite to defeat the Giants. Lets move onto character development and new characters in general. Everyone you loved from the first two stories are back in action and ready to go. However, not many new characters were added and if they were they are not an integral part of the story. Also, many of the fan-favorite supporting characters like Ella, Tyson, and Grover just show up for a page or two and are gone for the rest of the book, which is sad but understandable. The main characters also do not develop at all (I suppose one weird one does but it just..
