# Femininity And Dance In Egypt: Embodiment And Meaning In Al-Raqs Al-Baladi: Cairo Papers Vol. 32, No. 3 (Cairo Papers In Social Science)

## Synopsis

Considering the paradoxical position of al-raqs al-baladi or "belly dance" in Egyptian social life, as both a vibrant and a contested cultural form, this issue of Cairo Papers in Social Science considers the impact of wider socio-cultural and political forces on the marginalization of professional performers, on the one hand, and in defining the parameters for non-professional performances on the other hand. Through interviews with professional and non-professional female dancers in Egypt, it explores the relationship between al-raqs al-baladi and the dynamic cultural repertoire that produces notions of femininity and normative personhood in Egypt. As a dance that Egyptians learn in childhood, it exposes the cardinal relationship between culture and body movement. The study received the Magda al-Nowaihi Award for best graduate work on gender studies in 2010. Cairo Papers in Social Science 32/3

## Book Information

Series: Cairo Papers in Social Science (Book 32)

Paperback: 112 pages

Publisher: The American University in Cairo Press; 1 edition (April 25, 2014)
