## Customer Reviews

My husband bought me this book as a gift one day. I really love it. It gets my mind going. I Love this book! I have loved all of my creative haven coloring books I have. They are all one sided pages so i can color with marker. I tend to take my pages out and color with a piece of cardstock underneath of it to catch my color bleed through. I highly recommend these books and do to anyone that is looking into getting into coloring.

I just got this in the mail. I got three books in two days, so I don't know when I'll have a chance to begin, but for now, at least, color me happy.

I love to buy packs of gel pens and a few coloring books for myself, because patterns like this are very calming for my anxiety issues. This book definitely fulfills that need. I haven't found issues with the patterns yet--you know how sometimes, it seems like they forgot to draw in a line or something and you don't know how to color it in? Haven't found any of those in this book yet, but I've only colored 4 pages so far.

Buy some markers (I use only Crayola) and buy this coloring book. It's a lot of fun (no batteries needed).

Great book with interesting patterns. I really liked the fact that there was a pattern on one side of the paper and the page behind it was blank. Works so much better that way. When patterns are back to back, sometimes they run through the paper and messes up the next pattern. Good Job!

I've really be enjoying this coloring book along with a few others I bought for our family for Christmas an excellent tool for expressing color theory and explaining color mapping to the kids. Much better than your average comic strip coloring books!

For someone who finds coloring relaxing and fun, this is a great book, one of the best I've had! It has very intricate designs and none of the blank spaces and wispy designs in other books. You won't be disappointed!

I have really enjoyed this coloring book. I have finally finished all of the pages, and am looking forward to the next. The designs in this book are great for adult coloring fans who like a challenge but aren't into overly hard, impossible pictures. Creative Haven also has some of the best coloring page paper I have found - crisp white, good lines on the copy, printed only on one side, and easy to tear out.
