## Customer Reviews

First, I don't usually write reviews but order a ton from . Second, I'm apolitical. I was very lucky to preorder this when it came out! Far beyond my expectations. This is not a flimsy cheap coloring book like others I've ordered. It's thick, high quality book and paper- has dozens of great illustrations that are intricate, smart and really funny- beautiful pictures. So impressed. I want more and it's sold out!! Thankfully bought several for white elephant parties and for some friends- both real fans and gag gifts for non-Trump supporters. Big hit all around. People fought for it at white elephant party. Not an adult coloring book person but if the author makes more featuring different personalities and arenas of life- I'll buy them.

Absolutely hilarious! I pre-ordered this and it came super fast. This is a gift for someone, and such a good buy! I'm not going to vote for Trump, but the pages are so clever and funny! I think those that

don't like Trump would enjoy this as well as those that do.

This is a very high energy book! The coloring potential is tremendous!

Adult coloring books are hit-and-miss. Some of them are so intricate that it takes hours to do a single page. Others try to be funny with simplistic drawings of adult situations which is just stupid. There are some other Trump books out there for coloring, but they can't hold a candle to this one. It's so incredibly well done. Even the title page is a version of the front cover that is colorable. The best part of this book, however, is the fact that it's just damn funny. I can't tell whether the people who did this coloring book love Trump or hate him, and that's part of its charm. It never takes sides. It's just funny! My favorite ones are the pictures of Trump as pop-culture icons. Michael Jackson, Elvis, Travolta ("Tuesday Night Fever" was clever), and they've even got a Techno DJ scene. The book's triumphant ending, the final illustration, which I won't give away, is a gut buster for any Generation-X film buff. The paper is high quality, and the printing is single-sided so there's no worry of destroying another coloring page by bleed through if you use something that soaks through. If you do decide to color it, the scenes aren't so intricate that they can't be done in under an hour each. Great, funny relaxation. I can't recommend the book enough. I've seen discount this book a few dollars less than they're charging now, but still even around \$10 it's a bargain. There are 55 great illustrations, plus 1 title page that's colorable. Maybe only 5 in the whole book are stinkers. The rest are pure gold and you'll love this book. Anyone who is the least bit politically inclined and has an opinion on Trump, pro or con, will love this funny gag book.

I bought this fantastic coloring book as a gag gift for my father. The illustrations inside are great. However the cover was damaged. Still not enough of an issue for me to send it back. It did the job.

I gave this coloring book to one of my friends (who is a fan of Trump) for his birthday, and he thought it was hilarious. It has a lot of funny pictures in it and I would recommend it as a fun gift to any Trump-supporters out there.

I bought this having no real idea how good it would be. It was just a silly little present for my MIL, a throwaway joke. When I flipped through it, I was taken aback by the level of wit displayed. It's really, really funny. You get Trump piloting the Enola Gay, studying hanging chads in Florida in 2000, playing battleship with Kim Jong Un, sitting on the Iron Throne, and much more. Very high quality in

all respects.

We bought this for my 25 year old son for his birthday. He enjoys politics and we all just laughed and laughed at the pictures. You can't take this book very seriously, it is just for a good laugh. Very creative pictures!
