One can log on to the publishers, Brentwood-Benson Music Publishers, Nashville, TN and get a complete listing of all the songs in the book. Over 350 and most of them are outstanding, especially to those of us who love the Southern Gospel Songs, and some of the Spirituals. The price is discounted with tho. The people at the Publishers are very nice, friendly and so willing to assist.....Great collection of Southern Gospel Songs!

I ordered this book for Southern Gospel songs which I play at my church. This has been a great resource and I have found some songs that are very hard to find. I play chords and it was very easy to read the chords and I found it so refreshing that they were not too small for these old eyes to see.

A good music book, very helpfull to inspire organ playing, and making own arrangements and improvisations. The only thing I've to do is looking up the suitable cords, but with some fantasy it can be an success!

The book is great. The comb binding didn't hold up in the mail too good and it was damaged, but still useable. Thanks.

These are nice books for our choir. A lot of songs in one book and good old hymns with southern gospel. The only thing that would make it better is if the books had lower notes.

Great fake book for the individual that likes to play from a lead sheet. Some keys are difficult but it is easy to transpose up or down to something easier to play if need be.

This book has such a plethora of songs. Soo many. I am very pleased with this book and the format that the songs are in. Just what I was looking for!

Great book
