Customer Reviews

I'm not usually a big fan of sayings in books, but the story and design of this one really touched me. I have colored a couple pages in the book itself, but I usually copy the pages onto my preferred stock (Bee paper - Bee Paper Company Super Deluxe Sketch Paper, 9 by 12-Inch, 100 Sheets per Pack), which handles watercolor pencils better. The paper in the book is OK for watercolor, but does ripple a bit. I'm trying to post photos. No luck the first time so I'm trying again!

This is the second coloring book I have gotten from this artist and this one is even better than the first! LOVE LOVE LOVE IT! If you are on the fence about whether or not to buy this, JUST DO IT! You won't be sorry! Great drawings, awesome quality in printing, and nothing but good things to say about the author!

This is such a charming, clever story told with great artistry. I love celestial things, so this really satisfies my taste. The sweet, imaginative story is a bonus. I highly recommend you add this coloring book to your favorites. You'll be glad you did.

Love love love this book!!! Soooo many amazing pictures! And plenty of room to be creative with!! I find it quite hard to find books along these lines and the hippie/boho lines and this is up there in my top 5 fav books so far!!! Cant wait to see more work from you!!

The cover is very pretty and attracts buyers attention. The book is full size at 8.5 x 11 inches. Perfect size for those that like to copy and print out to color again. It is glue bound on left side. It has approximately 60 pages. Designs are printed on one side of the page only, which is a plus for anyone and something I require. This allows to be able to frame and not lose the image that would be on the backside or to prevent damage to the other picture from any potential bleed through if using some gel pens or markers. The images are of good quality printing. Paper is of medium weight. Good for crayons, colored pencils, alcohol base markers and gel pens. With Alcohol based markers and gel pens, I would put a blank paper underneath to prevent any possible bleed through from damaging the next page. Watercolors or waterbased markers would have a tendency to damage the paper and cause pilling or wrinkling, so I would not advise anything waterbased. There is a blank page in back of the book for this purpose. The designs are not so intricate in detail that it would cause any hand or eye fatigue. These are good for all ages and all skill levels. The images and quotes fill the full page and are clearly printed. Excellent book.
